The Vice Chairman passed the gavel back to the Chairman in order to continue the meeting.

# **PUBLIC COMMENT**

The Chairman recognized Mrs. Evva Anderson, a resident of Pritchardville, who asked Council to vote no on a commercial rezoning of 35+ acres in Prichardville, known as Huggins/Hollow and Fox Path Lane. We wish to stay as a residential community. She objects, and, her community objects, to having heavy commercial plopped in the middle of their residential neighborhood. There is no sewer currently on Gibbet Road. What is the waste plan?

Mr. Dean Moss, Executive Director, Friends of Spanish Moss Trail, thanked Council for considering the appropriation of \$250,000 toward the construction of the next phase (Phase 7) of the Spanish Moss Trail, which will go from Roseida Road to Clarendon Road.

Rev. Jack Ladson, a resident of St. Helena Island, speaking on behalf of the United Community Group of 1,500 taxpayers, are going to appear before Council soon to protest against paying taxes and getting no result. He appeared before Council eight months ago about the inability to drive down certain roads and the stopped-up ditches along U.S. Highway 21 from Frogmore Plantation to Coffin Point. In order to get down Ladson Road, he has to shuffle dirt onto his truck and then fill the holes in the road. We need some help.

# **PUBLIC HEARINGS**

SOUTHERN BEAUFORT COUNTY ZONING MAP AMENDMENT FOR FIVE PARCELS FROM T3-EDGE (R600 036 000 0001 0000, R600 036 000 001D 0000, R600 036 000 001F 0000, R600 036 000 001H 0000 AND R600 036 000 0364 0000) AND ONE PARCEL (R600 036 000 0439 0000) FROM MAY RIVER COMMUNITY PRESERVATION DISTRICT--ALL SIX PARCELS REZONED TO T2-R (RURAL)

The Chairman opened a public hearing beginning at 6:30 p.m. for the purpose of receiving public comment regarding a Southern Beaufort County Zoning Map amendment for five parcels from T3-Edge (R600 036 000 0001 0000, R600 036 000 001D 0000, R600 036 000 001F 0000, R600 036 000 001H 0000 and R600 036 000 0364 0000) and one parcel (R600 036 000 0439 0000) from May River Community Preservation District--all six parcels rezoned to T2-R (Rural).

After calling once for public comment, the Chairman recognized Mrs. Evva Anderson, a resident of Pritchardville, who stated the vegetation around the site is not 300 yards from Gibbet Road, but rather a few hundred feet. The community is concerned with litter, stress on the road, and wants to be involved in the process of determining the future use of this property. If the owner would call her, she would share her ideas about how he can make something work that will still make him a lot of money and they can develop a campground somewhere where it will not be in someone's backyard.

Ms. Michelle Mancini, a resident of Pritchardville, is opposed to this upzoning, disguised as a downzoning, for more reasons than can be explained in three minutes. She was unable to attend the Planning Commission hearing, but started to become familiar with the County land planning process. At each step of the way, she observed manipulations, misrepresentations, and persuasion, by deception, by the applicant, the county planning staff, and some members of county council. The community, as a whole, does not support this rezoning.

Mr. Joe Hall, speaking on behalf of those who live in the Prichardville area, stated the question tonight is, "What is the public benefit of this piece of zoning"? He asked a member of Council to make a motion to deny the rezoning change. What is the public benefit? What is the legal aspect of spot zoning in this instance?

Mr. Ed Krebs, a resident of Huggins Lake Subdivision, encouraged Council to maintain the Preservation District and questioned the owner's use of the property

Mrs. Deanna Hubbard, the applicant for the proposed rezoning of six parcels, totaling 35-acres along Huggins Hollow Lane, east of Gibbet Road, Prichardville, urged Council to vote for the recommendations of the Planning Commission and the Natural Resources Committee and approve this rezoning request so her family can make this property a better place.

Ms. Pat Unsieker, a resident of Pritchardville, asked Council to deny the rezoning.

Ms. Babs Utley, a 33-year resident of Prichardville, spoke in favor of the rezoning. People should have the ability to do what they wish with their land as much as possible. Regarding the placement of the sign, it was backwards because one side of the sign had come out of the sleeve and the wind had blown it backward. The county did not post the sign backward; the wind blew the sign backward.

After calling three times for public comment and receiving none, the Chairman declared the hearing closed at 7:06 p.m.

Main motion: It was moved by Mr. Flewelling, as Chairman of the Natural Resources Committee (no second required), that Council approve on third and final reading a Southern Beaufort County Zoning Map amendment for five parcels from T3-Edge (R600 036 000 0001 0000, R600 036 000 001D 0000, R600 036 000 001F 0000, R600 036 000 001H 0000 and R600 036 000 0364 0000) and one parcel (R600 036 000 0439 0000) from May River Community Preservation District--all six parcels rezoned to T2-R (Rural).

Motion to amend by substitution: It was moved by Mr. Caporale, seconded by Mr. Rodman, that Council send this issue back to the Planning Commission for reconsideration. The vote: YEAS – Mrs. Bensch and Mr. Fobes. NAYS – Mr. Caporale, Mr. Dawson, Mr. Flewelling, Mrs. Howard, Mr. McBride, Mr. Sommerville and Mr. Stewart. ABSTAIN – Mr. Rodman. ABSENT – Mr. Vaux. The motion failed.

Vote on the main motion: Council approve on third and final reading a Southern Beaufort County Zoning Map amendment for five parcels from T3-Edge (R600 036 000 0001 0000, R600 036 000 001D 0000, R600 036 000 001F 0000, R600 036 000 001H 0000 and R600 036 000 0364 0000) and one parcel (R600 036 000 0439 0000) from May River Community Preservation District--all six parcels rezoned to T2-R (Rural). YEAS – Mr. Dawson, Mr. Flewelling, Mrs. Howard, Mr. McBride, Mr. Sommerville and Mr. Stewart. NAYS – Mrs. Bensch, Mr. Caporale, Mr. Fobes and Mr. Rodman. ABSENT - Mr. Vaux. The motion passed.

PORT ROYAL ISLAND ZONING MAP AMENDMENT FOR R100-027-000-0013 AND R100-027-000-013A-0000 (36-ACRE PORTION OF TWO PARCELS) FROM C3-NMU (NEIGHBORHOOD MIXED USE) TO T4-NEIGHBORHOOD CENTER (NC) WITH THE REMAINING 70-ACRE PORTION OF THE PROPERTY TO REMAIN WITH THE BASE ZONING CLASSIFICATION OF C3-NMU

The Chairman opened a public hearing beginning at 7:44 p.m. for the purpose of receiving public comment regarding a Port Royal Island Zoning Map amendment for R100-027-000-0013 and R100-027-000-013A-0000 (36-acre portion of two parcels) from C3-NMU (Neighborhood Mixed Use) to T4-Neighborhood Center (NC) with the remaining 70-acre portion of the property to remain with the base zoning classification of C3-NMU. After calling three times for public comment and receiving none, the Chairman declared the hearing closed at 7:45 p.m.

For the record, Mrs. Howard remarked that this rezoning has been fully coordinated with MCAS-Beaufort personnel.

It was moved by Mr. Flewelling, as Chairman of the Natural Resources Committee (no second required), that Council approve on third and final reading a Port Royal Island Zoning Map amendment for R100-027-000-0013 and R100-027-000-013A-0000 (36-acre portion of two parcels) from C3-NMU (Neighborhood Mixed Use) to T4-Neighborhood Center (NC) with the remaining 70-acre portion of the property to remain with the base zoning classification of C3-NMU. The vote: YEAS – Mr. Caporale, Mr. Dawson, Mr. Flewelling, Mr. Fobes, Mrs. Howard, Mr. McBride, Mr. Rodman, Mr. Sommerville and Mr. Stewart. NAYS – Mrs. Bensch. ABSENT - Mr. Vaux. The motion passed.

#### **ACTION ITEMS**

# 1. Prioritization 2016 Community Development Block Grant (CDBG) Needs

**Notification:** To view video of full discussion of this meeting please visit http://beaufort.granicus.com/ViewPublisher.php?view id=2

**Discussion:** Ms. Monica Spells, Assistant County Administrator – Civic Engagement and Outreach, introduced this item and provided an overview to the Committee. The Community Development Block Grant (CDBG) Program is designed to help local units of government

address social and environmental problems in low-to-moderate income neighborhoods. CDBG grants are available through the S.C. Department of Commerce and range from \$50,000 to \$750,000 and are due in April. Staff is not submitting any specific projects for approval today, but requesting the Committee to give its approval to the prioritization of categories of interest to Administration and the community for 2016. Thereafter, staff will work with the Lowcountry Council of Governments to further explore which potential projects are most likely to receive funding. The recommendations before the Committee were developed by staff representing Administration, Community Services, Environmental Engineering and Planning. The County currently has no open grants with the CDBG Program, therefore, could apply for up to three grants during the next 12 months. Grants require a 10% match, but that those dollars would not necessarily need to come from the County's general fund. The following is the recommendation of rankings for consideration and approval:

- Neighborhood improvement Projects (multiple activities) in low-to-moderate income (LMI) areas or others as identified:
  - Crystal Lake
  - Salem Road
- Public Infrastructure and Facilities Projects, which may include water/sewer improvements or upgrades and sanitary sewer extensions, in LMI areas or others as identified:
  - Grober Hill Retrofit
  - Salt Creek South Retrofit
  - Shanklin Road Retrofit
  - Battery Creek
  - May River
- Infrastructure Projects to support new and/or existing businesses

Ms. Michelle Knight, Director, Community and Economic Development Director, Lowcountry Council of Governments, answered questions from committee members relative to the inability to use CDBG funds on Daufuskie Island.

Motion: It was moved by Mr. Dawson, seconded by Mr. Fobes, that Committee approve and recommend Council approve the recommended prioritization of potential Community Development Block Grant Projects as follows: 1. Neighborhood improvement Projects (multiple activities) in low-to-moderate income (LMI) areas or others as identified: Crystal Lake and Salem Road; 2. Public Infrastructure and Facilities Projects, which may include water/sewer improvements or upgrades and sanitary sewer extensions, in LMI areas or others as identified: Grober Hill Retrofit, Salt Creek South Retrofit, Shanklin Road Retrofit, Battery Creek, and May River; 3. Infrastructure Projects to support new and/or existing businesses. The vote: YEAS – Mr. Caporale, Mr. Dawson, Mr. Fobes, and Mr. McBride. ABSENT – Mrs. Howard and Mr. Vaux. The motion passed.

Minutes - Community Services Committee January 25, 2016 Page 3 of 8

**Recommendation:** Council approve the recommended prioritization of potential CDBG Projects as follows: 1. Neighborhood improvement Projects (multiple activities) in low-to-moderate income (LMI) areas or others as identified: Crystal Lake and Salem Road; 2. Public Infrastructure and Facilities Projects, which may include water/sewer improvements or upgrades and sanitary sewer extensions, in LMI areas or others as identified: Grober Hill Retrofit, Salt Creek South Retrofit, Shanklin Road Retrofit, Battery Creek, and May River; 3. Infrastructure Projects to support new and/or existing businesses.

# 2. Condemnation Request for County Dirt Roads without Right of Way – Albertha Fields Circle, Big Estate, Sheldon

**Notification:** To view video of full discussion of this meeting please visit http://beaufort.granicus.com/ViewPublisher.php?view\_id=2

**Discussion:** Mr. Joshua Gruber, Deputy County Administrator / Special Counsel, reviewed this item with the Committee. Albertha Fields Circle is a 0.41 mile dirt road located off Booker T. Washington Circle in the Big Estate community. Public Works has maintained this road for over 20 years. Albertha Fields Circle was ranked 26<sup>th</sup> on the FY 2015/2015 – FY 2016/2017 Dirt Road Paving Program. In accordance with Section 106.2797 of the ZDSO and Policy Statement 17, the County must have a deeded 50 foot right of way before the road can be advertised for a dirt road paving contract. Beaufort County does not own the right-of-way, nor does it have an easement for Albertha Fields Circle. Staff has followed the current process to try and obtain deeds for right-of-way.

Staff effort to date to obtain right of way for Albertha Fields Circle includes obtaining a contractor to perform a field survey, researching ownership, preparing letters and deeds, and providing time for owner consideration and questions/discussions. The timeline associated with this process has been approximately six months. After sending two written requests, the Engineering Department as obtained five of the nine signed right of way deeds. Two of the property owners have not responded. Two other parcels are heirs' properties which will require condemnation in order to ensure a marketable title. Condemnation of these four remaining parcels will be necessary to complete the right-of-way effort for Albertha Fields Circle. All of the other resident owners of Alberta Fields Circle have provided full support for its improvements.

Motion: It was moved by Mr. Dawson, seconded by Mr. Fobes, that Committee approve and recommend Council approve the condemnation the four remaining right-of-way parcels needed on Albertha Fields Circle in order to improve the dirt road in a future dirt road paving contract. The vote: YEAS – Mr. Caporale, Mr. Dawson, Mr. Fobes and Mr. McBride. ABSENT – Mrs. Howard and Mr. Vaux. The motion passed.

**Recommendation:** Council approve the condemnation of the four remaining right-of-way parcels needed on Albertha Fields Circle in order to improve the dirt road in a future dirt road paving contract.

# 3. Reallocation 2015 CIP Obligation Bond Funds from Perryclear Bridge Construction to HVAC Replacements

**Notification:** To view video of full discussion of this meeting please visit http://beaufort.granicus.com/ViewPublisher.php?view\_id=2

**Discussion:** Mr. Joshua Gruber, Deputy County Administrator / Special Counsel, reviewed this item with the Committee. On June 23, 2014, County Council approved Ordinance 2014/16 authorizing the issuance and sale of 2015 General Obligation Bonds totaling \$17.1 million for various County capital projects. These projects included the replacement of the Perryclear Bridge at a funding cost of \$1 million and HVAC replacements at 9 County buildings at a cost of \$2,111,500.

The Perryclear Bridge replacement construction has been completed and accepted with a total expenditure of only \$907,523. In accordance with County policy on fund transfer approvals, it is requested that the remaining \$92,477 unused balance for Perryclear Bridge construction be applied to the HVAC replacement funding. The HVAC systems are presently in the design phase. It is anticipated that construction bids will be ready for advertising by the summer of 2016.

Motion: It was moved by Mr. Dawson, seconded by Mr. Fobes, that Committee approve and recommend Council approve the application of \$92,477 in 2015 General Obligation Bond Funds from the completed Perryclear Bridge replacement to the nine HVAC replacement of 2015 GO Bond funds. This action will increase the current HVAC replacement funding budget from \$2,111,500 to \$2,203,977. The vote: YEAS – Mr. Caporale, Mr. Dawson, Mr. Fobes and Mr. McBride. ABSENT Mrs. Howard and Mr. Vaux. The motion passed.

**Recommendation:** Council approve the application of \$92,477 in 2015 General Obligation Bond Funds from the completed Perryclear Bridge replacement to the 9 HVAC replacements of 2015 General Obligation Bond funds. This action will increase the current HVAC replacement funding budget from \$2,111,500 to \$2,203,977.

### 10. Presentation / Lowcountry Affordable Housing Coalition

**Notification:** To view video of full discussion of this meeting please visit http://beaufort.granicus.com/ViewPublisher.php?view\_id=2

**Discussion:** Mr. Fred Leyda, Director, Human Services Alliance, spoke before the Committee on how the issue of affordable housing is part of the Together for Beaufort initiative. He spoke of the underbanked individuals within the County, as well as a recent development of Osprey Point, a great affordable housing initiative.

Ms. Angela Childers, Director, Beaufort Housing Authority and Ms. Deborah Johnson, Lowcountry Affordable Housing Coalition Facilitator, provided the Committee with an overview of the needs for affordable housing in Beaufort County, as well as provided three case studies to provide a better understanding of such need. Various supporting documents were provided to include the following:

- "What is Affordable Housing?"
- "Household Income"
- "What is Workforce Housing?"
- Diagram of average annual wages by industry
- Excerpt of Affordable Housing, Section 8, of the Beaufort County Comprehensive Plan
- Spreadsheet on the needs identified by Lowcountry Affordable Housing Coalition, as of January 2016
- Handout demonstrating various affordable housing in the Mint Farms development

Mr. Gary Kubic, County Administrator, spoke on his views relative to affordable housing. In Beaufort County, salaries are low for professional individuals – teachers, nurses, etc. These individuals cannot come here right after graduation and expect to make a living, because they cannot afford to live in Beaufort County. If you want to take care of affordable housing quickly, you take a look at your compensation plans and adjust them to where they are commensurate with cost of living here in Beaufort County.

# 2. Presentation / FY 2015 Comprehensive Annual Financial Report (CAFR)

**Notification:** To view video of full discussion of this meeting please visit <a href="http://beaufort.granicus.com/ViewPublisher.php?view\_id=2">http://beaufort.granicus.com/ViewPublisher.php?view\_id=2</a>

**Discussion**: Mrs. Alicia Holland, Assistant County Administrator-Finance, presented this item to the Committee. The external auditors will give a full presentation to Council of the audit results on February 29, 2016. They will talk more about GASB 68 and 71 which are two Statements that we implemented during fiscal year 2015 that were both related to the pension liability and the reporting of expenditures.

GASB 68 and GASB 71 provides accounting and financial reporting pension guidance to employers whose employees belong to a pension plan(s) covered by these standards. Employers fall into one of the following categories for purposes of these standards: 1) single employers, 2) agent employers and 3) cost-sharing employers.

On Exhibit 1. Government Activities, the net pension liability created a restatement of our beginning net position of \$91.7 million. That is broken out between governmental funds and proprietary funds. In the Notes to the Finance Statements there are seven or eight pages that contain a lot of information about what portion of that is SC Retirement System and the Police Office Retirement System. There are two components – law enforcement officers versus civilian workers – they are different contribution rates and different amounts of liability. This is strictly reporting. It is not a funding. It does not affect our funding. We are still under the mandated contribution of approximately 11% for the S.C. Retirement System and 13% or 14% for the employer's cost of the Police Officer Retirement System.

When Council approved the termination of the retiree health benefits, at that time we had about a \$30.0 million liability; and, similarly, with pension, we had a \$92.0 million liability on our Financial Statements. Now that they have been terminated effective July 1, 2016 and are coming off the books, our liability decreased as of June 30, 2016 from \$30 million to \$1.4 million and on June 30, 2016 it will decrease to zero.

**Status:** The external auditors will give a full presentation to Council of the audit results on February 29, 2016.

# 3. Update / FY 2016 - 2017 Budget

**Notification:** To view video of full discussion of this meeting please visit http://beaufort.granicus.com/ViewPublisher.php?view\_id=2

**Discussion:** Mr. Josh Gruber, Deputy County Administrator/Special Counsel and Mrs. Alicia Holland, Assistant County Administrator-Finance, presented this item to the Committee.

Mrs. Holland highlighted the FY 2014-2015 ending fund balance of \$26,694,383 and the available debt capacity of \$37,835,000 (remaining under the 8% debt limit).

Effective December 31, 2015 we are on target to hit our FY 2015-2016 revenue budget projections of \$107,815,002.

Our FY 2016-2017 revenue budget projections estimate is \$109,615,002. If the local government fund is fully funded (which is not likely to occur), that will increase our intergovernmental revenues to \$2,402,140. We are projecting an ad valorem increase of \$1,300,000 year over year. The projected mil value is \$1,752,309. Debt millage estimates for our Rural and Critical Lands Program is 4.75 and County Debt 5.48 for a total of 10.23 or a 0.15 decrease year over year.

Mr. Josh Gruber highlighted the FY 2016 – 2017 budget considerations and associated expenditures. If we are looking at \$1.8 million to \$2.0 million in additional revenues next year, that needs to be considered in the context of what we are looking at insofar as some of our expenditures:

Health insurance premium increases – Our benefits advisor, Wells Fargo, is saying if everything remained the same with regards to our plans, premium contribution amounts, we are looking at a 9% increase going forward to next year, which is an approximate \$1.2 million in our health insurance increases if we did not pass any of that on as a higher percentage to the employees.

Wells Fargo has also provided information regarding an analysis they conducted if the County were to go to a self-insured plan, rather than a fully-insured plan through Blue Shield/Blue Cross. The numbers they are provided to us are significant enough that it warrants holding a separate workshop to discuss that issue also. As an example, the numbers they are saying we would see in savings from a tax and an administration fee standpoint only, we would stand to save about \$1.6 million.

Compensation analysis – The compensation analysis is underway. We have not yet received the results, but are hoping to have those prior to the budget adoption. We make some assumptions in that it has been 11 years since the last compensation analysis was performed, therefore, there is likely to be some level of deficiencies across the county. However, to what

Minutes – Executive Committee February 8, 2016 Page 4 of 4

extent we do not know. For discussion purposes, a three percent increase is between \$1.9 million and \$2.0 million.

Facility repairs/replacement – By converting facility repairs/replacement from debt expenses to general operational expenditures, we are hoping to have that funding already in the budget.

Departmental requests – As a result of whatever comes out of Council's annual strategic planning session discussions regarding the budget, and, as a function of developing the budget proposal, Mrs. Holland and Mr. Gruber will meet with each department head to review their existing budget, look at their budget performance (deficiency or overage), look at their needs going forward, etc. After evaluating the number of the potential issues and depending upon what ultimately is requested out of those discussions, we anticipate department requests between \$1.5 million and \$2.5 million.

Elected official requests – Council will be asked to take into consideration the elected official requests.

Status: Information only. No action required.

### **ACTION ITEMS**

1. Consideration of Contract Award / Bluffton Township Fire District Burn Annex and Training Tower

**Notification:** To view video of full discussion of this meeting please visit http://beaufort.granicus.com/ViewPublisher.php?view\_id=2

**Discussion:** Purchasing Director David Thomas reviewed this item with the Committee. The Bluffton Township Fire District (District) is a full service fire department providing service to all areas of Southern Beaufort County with the exception of Hilton Head Island and Daufuskie Island. The District covers a geographical area of approximately 250 square miles with 8 strategically located fire stations. The District is a career fire department with 130 full time

Minutes - Finance Committee January 19, 2016 Page 2 of 7

personnel. The District responded to 5,188 emergency incidents in 2013. The District currently operates eight engine companies, one truck company, and one service/support unit. Three of the engine companies are staffed as Advance Life Support (ALS) engines. Emergency medical services are currently provided by Beaufort County's Emergency Medical Services (EMS) division, which is not affiliated with the District.

The District has identified in its strategic five-year master plan that it would need to construct its own training facility. The location for this facility will be on district-owned property, adjacent to Station #30 on Burnt Church Road. This was one part of a three major capital projects plan that County Council approved for the District in FY15. An \$8.0 million bond was appropriated for these three capital projects with the training facility being one of these projects. The budget for this project was capped at \$1.3 million. The District, working along with the Beaufort County Purchasing Department, created a Request for Proposal to evaluate fire training facility vendors, and to select one that would best suit the District. This process has been completed and the District is requesting final approval to move this project forward with the appropriate funding. The top ranked vendor was JReed Constructors, Baton Rouge, Louisiana with a negotiated price of \$709,000.

Motion: It was moved by Mr. Flewelling, seconded by Mr. Rodman, that Committee approve and recommend Council award a contract to JReed Constructors, Baton Rouge, Louisiana in the amount of \$709,000 for construction of a burn annex and training tower facility for Bluffton Township Fire District. This project is one of three capital improvement projects that the fire district had approved by County Council. Ordinance 2015/3 was approved to set a debt millage to the residents of the fire district at the rate of 1.22 mills to repay the bonds that were sold to fund all three projects. These funds are held within the County GL Account 73040011-57800. Bluffton Township Fire District will make warrant requests, when invoices are due, to this account for vendor payments. The vote: YEAS – Mrs. Bensch, Mr. Flewelling, Mr. Rodman and Mr. Stewart. ABSENT – Mr. Caporale, Mr. Fobes and Mr. McBride. The motion passed.

2. Discussion / General Fund Transfers \$300,000 and a Supplemental Appropriation \$395,000: A. Criminal Justice System: Solicitor's Office / Personnel / \$185,000; Public Defender / Personnel / \$185,000 and Clerk of Courts / Jury Service / \$50,000; B. Auditor's Office: Personnel / \$135,361 and Operations & Maintenance / 139,590

**Notification:** To view video of full discussion of this meeting please visit <a href="http://beaufort.granicus.com/ViewPublisher.php?view\_id=2">http://beaufort.granicus.com/ViewPublisher.php?view\_id=2</a>

**Discussion:** Mr. Gary Kubic, County Administrator, reviewed this item with the Committee. Over the last three to four months, staff has been working with the criminal justice representatives in trying to determine the impact of the court activities on each of their offices. This agenda item is a result of those discussions. The other part of this request is from the Auditor's Office for personnel and also for upgrading the Auditor's Office. The idea of this transfer and supplemental appropriation, is not to tap into our general reserve, but, instead, will be taken out of the general fund as a result of dollars coming in higher than projected, as well as the transfer of \$300,000 being available as a result of the County's payroll analysis.

The criminal justice representatives detailed how the dollars would be used.

Motion: It was moved by Mr. Rodman, seconded by Mrs. Bensch, that Committee approve and recommend Council approve on first reading an ordinance to amend Beaufort County Ordinance 2015/15, FY 2015-2016 Beaufort County budget to authorize general fund transfers in the amount of \$695,000 (Criminal Justice System: Solicitor's Office personnel \$185,000, Public Defender personnel \$185,000, and Clerk of Court jury service \$50,000; Auditor's Office: personnel \$135,000 and operations and maintenance \$139,590. The vote: YEAS – Mrs. Bensch, Mr. Flewelling, Mr. McBride, Mr. Rodman and Mr. Stewart. ABSENT – Mr. Caporale and Mr. Fobes. The motion passed.

Mr. Rodman passed the gavel to Mr. Sommerville in order to make a motion.

**Discussion:** Mr. Rodman presented a motion and process to include the steps to affect a decision regarding participation in a specific alfiance. "Beaufort County join an alliance contingent upon a minimum of eight members of County Council affirmatively nominating an alliance no later than February 13, 2016 as well as voting for the negotiated contract with that alliance." If the motion passes, requiring a simple majority of the members of both the Governmental Committee and Council, today, January 11, 2016, members will advise Mr. Sommerville and Mr. Rodman of their nomination of a specific alliance. If no alliance receives eight nominations by February 13, 2016, the motion dies. If and when an alliance is nominated by eight members, negotiations with the selected alliance will be initiated, during which time Council and the Mayors will debate staffing, organizational structure, operating protocols, etc. The negotiated contract will be considered by Council and executed upon receiving the approval of eight members.

Recommendation: It was moved by Mr. Rodman, seconded by Mr. Caporale, that Beaufort County join an alliance contingent upon a minimum of eight members of County Council affirmatively nominating an alliance no later than February 13, 2016 and voting for the negotiated contract with that alliance. The vote: YEAS – Mrs. Bensch, Mr. Caporale and Mr. Rodman. NAYS – Mr. Dawson, Mr. Flewelling, Mrs. Howard, Mr. Sommerville and Mr. Stewart. The motion failed.

**Status:** Discussion to occur at Council's annual strategic planning session.

**Discussion:** Mr. Eric Larson, Division Director-Environmental Engineering, reviewed this item with the Committee. The Planning Department's Staff Review Team gave approval to a proposed subdivision, Academy Park, on September 9, 2015. The project consists of a first phase of 25 lots fronting existing roads in the Lady's Island Community Preservation District. A group of neighborhood property owners appealed the decision of staff to the Planning Commission citing issues such as density and traffic. On December 7, 2015, the Planning Commission upheld the staff determination that the development was allowed by the current Community Development Code. The Developer's remaining tract has the potential of adding another 10 to 12 homes via an internal street network. However, the remainder of the site has another potential use, which is the focus of this proposal.

As part of the stormwater review for this first phase, it was noted the unique location of the site adjacent to a natural wetlands and a man-made ditch conveyance serving Sam's Point Road. County Stormwater staff and the Developer began discussing the opportunity to construct a regional stormwater facility that could serve his site in addition to the greater Rock Springs Creek sub-watershed. A project in this watershed was identified in the 2006 Beaufort County Stormwater Management Plan and further defined in the 2011 Retrofit Study with a cost of approximately \$1.7 million. In December 2015, the County completed a Feasibility Study to test the effectiveness of a stormwater basin in this location and the results were favorable.

Minutes – Natural Resources Committee February 1, 2016 Page 3 of 7

The County and Developer are proposing a partnership in which the cost of design and construction is shared and the ownership is transferred to the County at the completion of the project. This mutually beneficial project provides stormwater needs for both parties at a significantly lower cost than if done separately. The draft agreement has been revised since the January 4, 2016 Natural Resources Committee meeting to reflect concerns raised by the committee members, county staff, and public comments.

Estimated cost to the County is \$60,911. This project will be funded from the Stormwater Capital Projects fund. While this project was slated for 2018, the Stormwater Utility Board recommended re-prioritizing this project due to the potential cost saving associated with this partnership.

Staff is recommending to Council to authorize County Administrator Gary Kubic to negotiate and sign an agreement with Academy Park LLC for a partnership to construct a regional stormwater facility in the Rock Springs Creek watershed.

A draft agreement, feasibility memo from Applied Technology and Management (ATM), and aerial map was provided to and reviewed with the Committee.

Main motion: It was moved by Mr. McBride, seconded by Mr. Stewart, that Natural Resources Committee authorize the County Administrator to enter into an Agreement with Academy Park, LLC for a partnership to develop a Regional Stormwater Facility in the Rock Springs Creek Watershed.

Motion to amend by addition: It was moved by Mr. Stewart, seconded by Mr. McBride, that Natural Resources Committee include in the motion, that following negotiations of final agreement post engineering and design, and that it come back before the Stormwater Management Utility Board and the Natural Resources Committee for final approval. The vote: YEAS – Mr. Dawson, Mr. Elewelling, Mr. Fobes, Mrs. Howard, Mr. McBride, Mr. Sommerville and Mr. Stewart ABSENT Mr. Vaux. The motion passed.

**Vote on the amended motion, now the main motion, and includes the motion to amend by addition:** The vote: YEAS – Mr. Dawson, Mr. Flewelling, Mr. Fobes, Mrs. Howard, Mr. McBride, Mr. Sommerville and Mr. Stewart ABSENT – Mr. Vaux. The motion passed.

**Status**: Committee authorized the County Administrator to enter into an Agreement with Academy Park, LLC for a partnership to develop a Regional Stormwater Facility in the Rock Springs Creek Watershed. Following negotiations and post engineering and design, this item will come before the Stormwater Management Utility Board and the Natural Resources Committee for approval.

4. Consideration of Recommendations / Recommendation to allow County Administrator to enter into Agreement with David Coleman, property owner, for a Partnership to Develop a Regional Stormwater Facility in the Rock Springs Creek Watershed

**Notification:** To view video of full discussion of this meeting please visit http://beaufort.granicus.com/ViewPublisher.php?view id=2

**Discussion:** Mr. Eric Larson, Division Director-Environmental Engineering, reviewed this item with the Committee. At the December 2015 meeting of the Stormwater Utility Board, the Board made recommendation to the Natural Resources Committee to allow County Administration to enter into an agreement with a Developer for a regional stormwater project in this watershed, specifically the Academy Park, LLC site. Another property owner within the watershed was made aware of this proposed project and requested consideration for a similar partnership on their property, which is the focus of this proposal.

The location of the site is adjacent to natural wetlands within the lower third of the watershed, potentially intercepting a large portion of the runoff within the watershed not captured by the Academy Park, LLC (Phase I) site. County Stormwater staff and the Developer began discussing the opportunity to construct a regional stormwater facility that could serve the lower two-thirds of the Rock Springs Creek sub-watershed. A project in this watershed was identified in the 2006 Beaufort County Stormwater Management Plan and further defined in the 2011 Retrofit Study with a cost of approximately \$1.7 million. In January 2016, the County completed a Feasibility Study to test the effectiveness of a stormwater basin in this location and the results were favorable.

The County and Developer are proposing a partnership in which the cost of design and construction is shared. Unlike Phase I, the ownership remains with the Developer at the completion of the project with the County being granted an easement and inspection/enforcement rights. The County and Developer will cost share the operations and maintenance. This mutually beneficial project provides stormwater needs for the County at a significantly lower cost than if done without this partnership.

Exact cost to the County is unknown at this time but estimated between \$50,000 and \$100,000. Exact costs will be defined prior to execution of the agreement. This project will be funded from the Stormwater Capital Projects fund. While this project was slated for 2018, the Stormwater Utility Board recommended re-prioritizing this project due to the potential cost saving associated with this partnership.

Staff is recommending to the Council to authorize County Administrator Gary Kubic to negotiate and sign an agreement with the David Coleman for a partnership to construct a regional stormwater facility in the Rock Springs Creek watershed.

A draft agreement, feasibility memo from Applied Technology and Management (ATM), and aerial map was provided to and reviewed with the Committee.

**Motion:** It was moved by Mr. Stewart, that Natural Resources Committee authorize the County Administrator to enter into an Agreement with David Coleman for a partnership to construct a regional stormwater facility in the Rock Springs Creek watershed. The motion failed for lack of a second.

Motion: It was moved by Mr. Stewart, that Natural Resources Committee authorize the County Administrator to enter into an Agreement with David Coleman for a partnership to construct a regional stormwater facility in the Rock Springs Creek watershed. **Discussion:** Mr. Flewelling. Chairman, opened the floor to receive public comment.

Mr. Richard Bolin, a resident of Academy Estates provided the committee with a handout demonstrating the flawed design of the proposed Regional Stormwater Facility in the Rock Springs Creek Watershed. He spoke specifically of the flawed pipe design and requested the item be sent back to the Stormwater Management Utility Board.

Mrs. Iill Bolin, a resident of Academy Estates, spoke in opposition of the proposed Regional Stormwater Facility in the Rock Springs Creek Watershed. She reviewed various perceived contract flaws with the Committee.

Mr. Joe Courtney, a resident of Academy Estates, felt that with advertisement, the County could acquire a better location for a Regional Stormwater Facility.

Mr. William Martaught, a resident of Academy Estates feels proper procedures where not followed in regard to discussions of an agreement with Academy Park, LLC for the development for a Regional Stormwater Facility. He provided examples and chain of events.

Mr. Reed Armstrong, Coastal Conservation League, spoke in regard to the effectiveness the development of a Regional Stormwater Facility in the Rock Springs Creek Watershed, as proposed, would be in eliminating fecal chloroform pediments in Morgan River. He pointed out Minutes – Natural Resources Committee February 1, 2016 Page 6 of 7

the results of two ponds. Ponds in series seem to work better than a single pond. Also, long open ditches between the pond and receiving water, allow the water to be reloaded with bacteria. He does not feel the proposed system would have the intended affect in reducing bacteria.

Mr. Robert Sampler, Academy Park, LLC, spoke in favor of his project. This project offers a cost savings to the County. How many dollars would it take to purchase land for this facility in the future? He also reputed the comment regarding flawed design due to piping. Currently no design has been finalized.

Staff was approached about terminating this Development Agreement. Council can terminate a Development Agreement either through consent of the parties, or through identified defaults. In the letter, eight defaults have been identified.

Motion: It was moved by Mr. Dawson, seconded by Mr. Fobes, that Natural Resources Committee approve moving forward with the notification procedure of the termination of Oaks Development Agreement. Following the notification procedure, this termination will come before Council for action. The vote: YEAS – Mr. Dawson, Mr. Flewelling, Mr. Fobes, Mrs. Howard, Mr. McBride, Mr. Sommerville and Mr. Stewart. ABSENT – Mr. Vaux. The motion passed.

**Status**: Committee approve moving forward with the notification procedure of the termination of Oaks Development Agreement.

zoned May River CP (MRCP). The property is currently used as a mobile home park consisting of approximately 15 units. The property also contains two single-family homes and two large man-made ponds. The applicant would like to rezone these parcels to T2R (Rural) so the property will not be developed in the future as a single family subdivision. After review of the guidelines set forth in Section 7.3.40 of the Community Development Code, staff recommends approval of the requested Zoning Map Amendment. The Planning Commission approved and recommended County Council approval at the meeting of November 2, 2015.

Motion: It was moved by Mr. Stewart, seconded by Mrs. Howard, that Natural Resources Committee approve and recommend Council approve on first reading a Southern Beaufort County Zoning Map amendment/rezoning request for five (5) parcels from T3-Edge (R600 036 000 0001 0000, R600 036 000 001D 0000, R600 036 000 001F 0000, R600 036 000 001H 0000, & R600 036 000 0364 0000) and one parcel (R600 036 000 0439 0000) from May River Community Preservation District—all 6 parcels rezoned to T2-R (Rural). **Discussion:** Mr. Rob Merchant, Long-Range Planner, reviewed this item with the Committee. The applicant is proposing to rezone approximately 36 acres of land located on Port Royal Island on the north side of Cherokee Farms Road across from Habersham from C3 Neighborhood Mixed-Use to T4 Neighborhood Center. The area proposed to be rezoned is part of two parcels of land totaling 105 acres that comprises Cherokee farms, a mixed-use walkable community that is intended to mirror Habersham, located directly to the south. Under the Zoning and Development Standards Ordinance (ZDSO), Cherokee Farms was zoned Suburban. This zoning designation allowed for the use of a Traditional Neighborhood Development which facilitates the creation of mixed-use walkable communities. Under the old ordinance, Cherokee Farms was approved for 306 dwelling units and 150,000 square feet of commercial. Under the

Minutes – Natural Resources Committee December 7, 2015 Page 4 of 5

provisions of the ZDSO the Cherokee Farms TND utilized three sub-districts: (1) Neighborhood Center – a mixed-use hub that contains the commercial uses within the TND; (2) Neighborhood General – a mixture of moderate density housing types; and (3) Neighborhood Reserve – Passive open space on the outskirts of the community.

The Neighborhood Center sub-district allows for a number of retail, office and service uses, along with residential uses. The applicant is requesting to replace the area designated as Neighborhood Center and replace it with the T4NC Neighborhood Center zoning district from the Community Development Code. The T4NC district allows for a much more flexible uses which includes limited light industrial. The applicant is interested in incorporating artisan, fabricators, food processors and other light industrial uses within the mix of retail, service, office and residential in the hub of Cherokee Farms. Staff recommends that the 36 acres within Cherokee Farms be rezoned to T4NC Neighborhood Center. The Planning Commission approved and recommended approval at its meeting of November 2, 2015.

The Committee asked the County Attorney to speak on the topic and whether or not it could constitute a substantive change and would require going to the Development Agreement Subcommittee, plus if the conditions recommended by the Planning Commission are enforceable. Mr. Tom Keaveny responded that he has not looked at the document and is unable to answer either question.

Mr. Walter Nester, legal counsel with McNair Law firm, representing T&D Landing Holdings, provided the Committee with two handouts – draft development agreements which he reviewed with the Committee. He also responded to previous questions asked by the County's legal staff, in that the amendments to the Development Agreement could be made at the Committee level.

Mr. Jason Mann, Marine Corps Air Station Beaufort, provided the Committee with a handout regarding the Air Station's position on this requested rezoning, which included concern of the increased conflict with a noise sensitive residential development.

Motion: It was moved by Mr. Stewart, seconded by Mr. Fobes, that Natural Resources Committee not forward to Council a Port Royal Island Zoning Map Amendment/Rezoning Request for R100-027-000-0013 and R100-027-000-013A-0000 (36-acre portion of two (2) parcels) from C3-NMU (Neighborhood Mixed Use) to T4-Neighborhood Center (NC) and revisions to Development Agreement for Cherokee Farms, but recommend bringing it back before the Natural Resources Committee, allowing staff the opportunity to thoroughly vet and communicate with all parties involved. The vote: YEAS – Mr. Dawson, Mr. Fobes, Mrs. Howard, Mr. McBride and Mr. Stewart. NAYS – Mr. Flewelling. Mr. Vaux was temporarily out of the room. The motion passed.

**Status**: This item will be taken up at a future Natural Resources Committee meeting.

**Discussion:** Mr. Rob McFee, Division Director-Facilities and Construction Engineering, presented this item to the committee. A selection committee consisting of the Public Works Director, Public Works Roads and Drainage North Superintendent, Public Works General Support Superintendent, County Traffic Signal Manager and Engineering CIP Manager reviewed

Minutes – Public Facilities Committee February 15, 2016 Page 2 of 7

the proposals and asked the proposers to submit a final and best value offer. The committee subsequently met with the teams of BES Engineering Services and J.H. Hiers/Andrews & Burgess to discuss work scope and engineering/construction details. The County reviewed the BES Engineering Services and Hiers Construction proposal and determined the proposals provided a satisfactory SMB outreach plan for delivery of the project. On the basis of the qualification of the firm and the value offered, it is recommended that award of Design-Build Contract #47 to BES Engineering Services in the amount of \$1,316,212. In addition, BES offered a value engineering alternative to use cement stabilized aggregate base in lieu of graded aggregate base for a deduct of \$150,000. This alternative will be evaluated after contract award.

Motion: It was moved by Mr. McBride, seconded by Mr. Fobes, that Committee approve and recommend to Council a contract award to BES Engineering Services, Beaufort, South Carolina in the amount of \$1,316,212 for Design-Build Dirt Road Paying Contract 47 – Trotters Loop and Johnson Landing Road, Lady's Island. The source of funding is road maintenance fee (TAG) funds. The vote: YEAS - Mrs. Bensch, Mr. Caporale, Mr. Dawson, Mr. Fobes, Mrs. Howard and Mr. McBride. ABSENT – Mr. Vaux. The motion passed.

**Recommendation:** Council award a contract to BES Engineering Services, Beaufort, South Carolina in the amount of \$1,316,212 for Design-Build Dirt Road Paving Contract 47 – Trotters Loop and Johnson Landing Road, Lady's Island. The source of funding is road maintenance fee (TAG) funds.

#### 2. Consideration of Contract Award

 Design Services Fee Increase of County Animal Services and Control Facility

**Notification:** To view video of full discussion of this meeting please visit <a href="http://beaufort.org/lev\_id=2">http://beaufort.org/lev\_id=2</a>

**Discussion:** Mr. Rob McFee, Division Director-Facilities and Construction Engineering, presented this item to the committee. On May 26, 2015, Council awarded the design services for the new Animal Services and Control Facility to Glick Boehm & Associates (GBA) for \$428.400. This contract amount was for the development of an approximate 10,000 square foot Animal Services and Control Facility on a six-acre site. GBA and County staff have been working on the initial project building definition and size. It has been determined that size requirement for the new facility will be ±20,000 square feet. GBA's fee increase for the additional scope of services will be \$141,000. The proposed fee increase for the final development of the Animal Services and Control Facility was reviewed and found to be fair and reasonable. Therefore, it is recommended that a change order with GBA totaling \$141,000 for the additional fees for the increased size for the design of the new Animal Services & Control Facility be approved.

Minutes – Public Facilities Committee February 15, 2016 Page 3 of 7

Motion: It was moved by Mr. Caporale, seconded by Mr. Fobes, that Committee approve and recommend to Council approval of the Glick Boehm & Associates (Charleston, South Carolina) fee increase totaling \$141,000 for the added design services for the Animal Services and Control Facility. The source of funding is account #40090011-54000, New Animal Shelter CIP. The vote: YEAS - Mrs. Bensch, Mr. Caporale, Mr. Dawson, Mr. Fobes, Mrs. Howard and Mr. McBride. ABSENT – Mr. Vaux. The motion passed.

**Recommendation:** Council approve the Glick Boehm & Associates (Charleston, South Carolina) fee increase totaling \$141,000 for the added design services for the Animal Services and Control Facility. The source of funding is account #40090011-54000, New Animal Shelter CIP.

# 3. Exchange of Right of Way Prospect Road, Daufuskie Island, for Portions of Pappy's Landing Road and Beach Road

**Notification:** To view video of full discussion of this meeting please visit http://beaufort.granicus.com/ViewPublisher.php?view\_id=

**Discussion:** Mr. Rob McFee, Division Director-Facilities and Construction Engineering, presented this item to the committee. Prospect Road is an unpaved, County-maintained road located in the Bloody Point area of Daufuskie Island. It runs in a generally east-west direction from Pappy's Landing Road to New River. The County owns and maintains a 25-foot right-of-way for the easternmost section of the road (this section being approximately 540 feet in length). While the County also maintains the remainder of Prospect Road, it has no ownership or easement interest in the remainder. Mr. Reed Dulany of Hatcher Holdings, LLC, owner of the Eigelberger Tract, wishes to have that portion of Prospect Road that traverses and/or encroaches on his property removed from the County's maintenance inventory. In return, he has offered to donate a 50-foot right-of-way along the eastern side of his parcel. This right-of-way would extend from Beach Road to Prospect Road, a distance of approximately 2,500 feet and would include a major portion of Pappy's Landing Road. In addition, Mr. Dulany has offered to donate a smaller right-of-way (0.03 acres) on Beach Road. Staff has been working for some time to acquire right-of-way on both Pappy's Landing and Beach Roads. Mr. Dulany's donation would aid this effort significantly. Mr. Dulany will also dedicate emergency vehicle turn-around areas where Prospect Road intersects his eastern and western property lines.

Motion: It was moved by Mrs. Howard, seconded by Mr. Caporale, that Committee approve and recommend to Council removal of Prospect Road from the road maintenance inventory and accept the right-of-way donation for portions of Pappy's Landing and Beach Roads. The vote: YEAS - Mr. Caporale, Mr. Dawson, Mr. Fobes and Mrs. Howard. NAYS - Mr. McBride. ABSTAIN - Mrs. Bensch. ABSENT - Mr. Vaux. The motion passed.

**Recommendation:** Council remove Prospect Road from the road maintenance inventory and accept the right-of-way donation for portions of Pappy's Landing and Beach Roads.

#### 4. Acceptance of Kato Lane Right of Way, Port Royal Island

**Notification:** To view video of full discussion of this meeting please visit <a href="http://beaufort.granicus.com/ViewPublisher.php?view\_id=2">http://beaufort.granicus.com/ViewPublisher.php?view\_id=2</a>

**Discussion:** Mr. Rob McFee, Division Director-Facilities and Construction Engineering, presented this item to the committee. Kato Lane is a private, unpaved road with a platted 50-foot right-of-way and a length of approximately 1,036 feet. It is located off Pine Grove Road in the Burton area, and is owned by Brickyard Holdings, Inc. (Bobby Tillman, President). The residents of Kato Lane (Wildwood Subdivision and Kato Rivers Subdivision) have petitioned the County to accept Kato Lane as a County road and to add it to the County's road maintenance inventory. Brickyard Holdings, Inc. has submitted an executed quitclaim deed conveying its interest in the Kato Lane right-of-way to the County. Acceptance of Kato Lane right of way was presented in August 2013 at which time Council declined its acceptance. Rublic Works inspected Kato Lane on February 9, 2016 and there is no established formal drainage on the road as it is. There are some large holes in the road and Public Works estimates that total labor and material would cost approximately \$3,000 to bring it back into good shape.

Motion: It was moved by Mr. Fobes, seconded by Mrs. Howard, that Committee approve and recommend to Council an acceptance of Kato Lane, Burton, as a County road and add it to the County's road maintenance inventory. The vote: YEAS - Mrs. Bensch, Mr. Caporale, Mr. Dawson, Mr. Fobes and Mrs. Howard. ABSTAIN - Mr. McBride. ABSENT - Mr. Vaux. The motion passed.

**Recommendation:** Council accept Kato Lane. Burton, as a County road and add it to the County's road maintenance inventory.

Beaufort County Design Build Construction for Dirt Road Paving Contract #47 RFP #090315E

3,696 ft of Trotters Loop and 7,920 ft of Johnson Landing Road, Lady's Island

DATE:

December 8, 2015

BACKGROUND. Beaufort County issued a Request for Proposals from qualified firms to design and build the Dirt Road Paving Contract #47. The following firms responded and provided proposals for the project on 9/17/15.

| PROPOSER                                | <u>AMOUNT</u>   | SCHEDULE     |          |
|---|-----------------|--------------|----------|
|   |                 | Construction | Overall* |
| BES Engineering Services, Beaufort, SC  | \$1,316,212.00  | 153 days     | 194 days |
| J.H. Hiers Construction, Walterboro, SC | \$ 1,517,912.07 | 190 days     | 365 days |

\*includes design & engineering

The design-build proposal process differs from a typical construction bid, in that the proposers outline how they would accomplish the project within a specified cost. In this regard, proposals are reviewed on the basis of the "value offered" rather than solely on the lowest price. A selection committee consisting of the Public Works Director, Public Works Roads & Drainage North Superintendent, Public Works General Support Superintendent, County Traffic Signal Managerand Engineering CIP Manager reviewed the proposals and asked the proposers to submit a final and best value offer. The committee subsequently met with the teams of BES Engineering Services and J.H. Hiers/Andrews & Burgess to discuss work scope and engineering/construction details.

SMB OUTREACH PLAN. This solicitation sought proposals only and did not require proposers to seek quotes from potential local small and minority subcontractor; however, proposers were required to describe a "small and minority business outreach plan" for the construction phase of the project unless self-performing all work. The County reviewed the BES Engineering Services and Hiers Construction proposal and determined the proposals provided a satisfactory SMB outreach plan for delivery of the project.

On the basis of the qualification of the firm and the value offered, it is recommended that award of Design-Build Contract #47 to BES Engineering Services in the amount of \$1,316,212. In addition, BES offered a value engineering alternative to use cement stabilized aggregate base in lieu of graded aggregate base for a deduct of \$150,000. This alternative will be evaluated after contract award.

FUNDING. The project will be funded by TAG Funds with available budget of \$3.3 million.

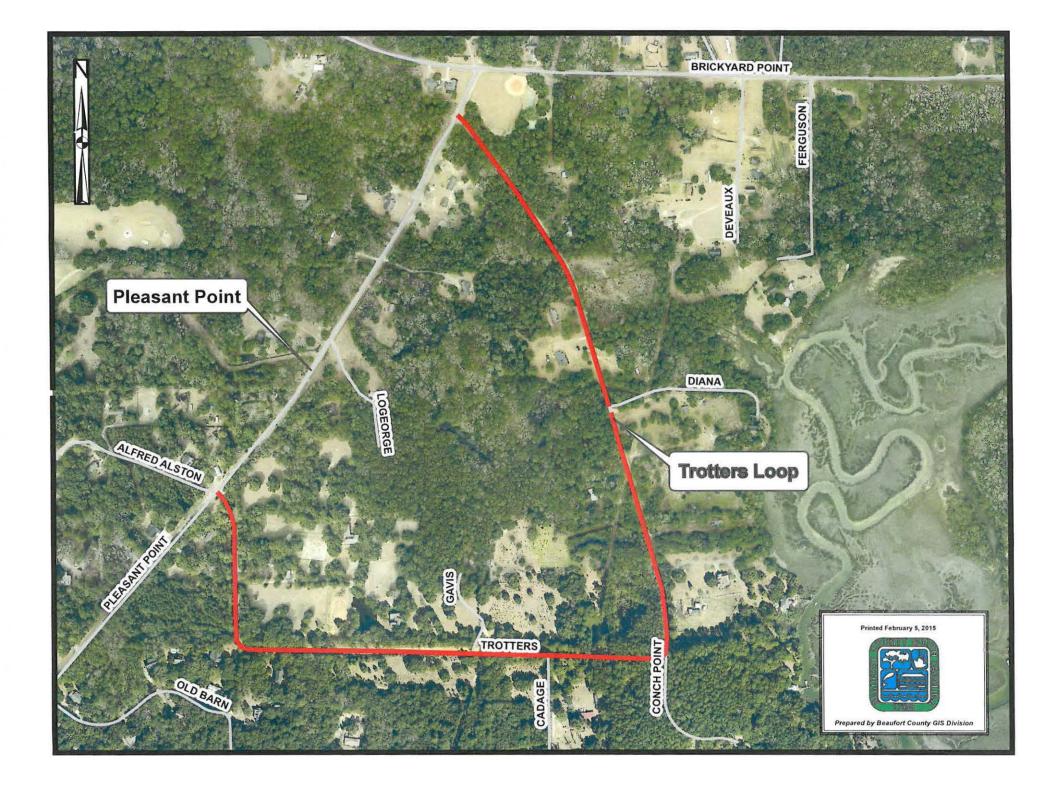

FOR ACTION. Public Facilities Committee Meeting on February 15, 2015.

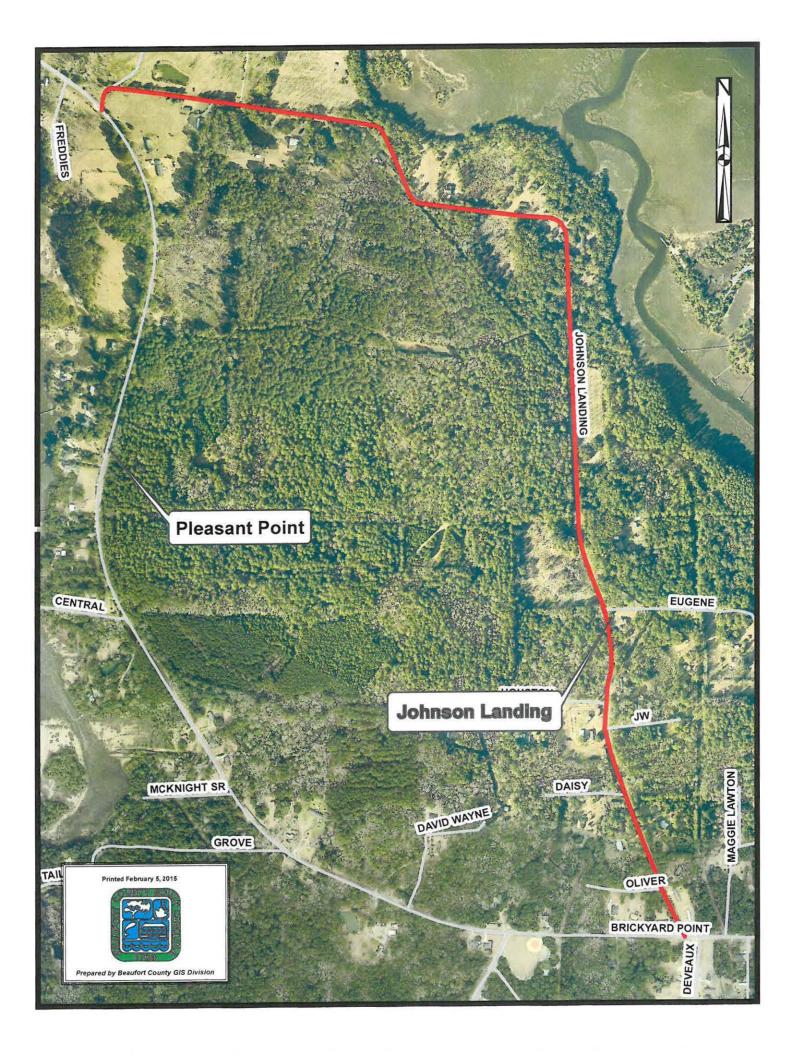

**RECOMMENDATION**. The Public Facilities Committee approve and recommend to County Council approval of a contract award to BES Engineering Services to design and build the Dirt Road Paving Contract #47 in the amount of \$1,316,212 funded by TAG funds for dirt road improvements.

Design Services Fee Increase for the Beaufort County Animal Services

& Control Facility

DATE:

February 5, 2016

**BACKGROUND.** On May 26, 2015, County Council awarded the design services for the new Animal Services & Control Facility to Glick Boehm & Associates (GBA) for \$428,400. This contract amount was for the development of an approximate 10,000 sqft Animal Services & Control Facility on a six acre site.

GBA and County staff have been working on the initial project building definition and size. It has been determined that size requirement for the new facility will be  $\pm$  20,000 sqft. GBA's fee increase for the additional scope of services will be \$141,000 and is outlined in the attached correspondence.

The proposed fee increase for the final development of the Animal Services & Control Facility was reviewed and found to be fair and reasonable. Therefore, it is recommended that a change order with GRA totaling \$141,000 for the additional fees for the increased size for the design of the new Animal Services & Control Facility be approved.

<u>FUNDING.</u> New Animal Shelter CIP Account 40090011-54600 with a fund balance of \$3.07 million. In 2014, Ordinance #2014/16 was passed for the sale of GO bonds for capital improvement projects. \$3.5 million for the new Animal Services & Control Facility was included.

FOR ACTION. Public Facilities Committee Meeting on February 15, 2016.

**RECOMMENDATION.** The Public Facilities Committee approve and recommend to County Council approval of the GBA fee increase totaling \$141,000 for the added design services for the Animal Services & Control Facility and funded as listed above.

Beaufort County Scope Increase

#### Rob.

Good morning. I hope you can be in our office to talk to the Charleston Animal Society about fund raising and how they operate. It is a unique opportunity to get lessons learned feedback from "boots on the ground".

I was talking to the consultants about the scope increase and I think the best way to figure it is a simple formula.

Delete any surveying, civil etc. cost and deal with the building size increase of about 8000 feet and a longer construction period. My original assumptions was a 10-12,000 sq. ft. building.

Therefore, 8000sq. ft. x  $$225 = 1,800,000 \times .07 = 126,000 \text{ plus increase of } 15,000 \text{ (reimbursable expenses) for a longer construction period. Total would be <math>$141,000.00$ 

I think this is what you were talking about in regard to a linear increase based on size increases. Please advise.

Thank you.

Architectural and Engineering Design Services for the Design of the Beaufort County Animal Services &

Control Facility - RFQ # 120914E

DATE:

May 12, 2015

BACKGROUND. Beaufort County Council adopted Ordinance #2014/16 on 6/23/14 for the sales of general obligation bonds for funding of capital improvement projects. One of the capital projects is the County's Animal Services Complex.

Beaufort County advertised a Request for Qualifications (RFQ's) from firms seeking a multi-discipline design team for development of the Animal Services & Control Facility. On 12/09/14, Beaufort County received 7 submittals for RFQ's from the following firms:

BDA Architecture, PC

Albuquerque, NM

Boomerang Design

**FWA Group** 

Glick Boehm & Associates

Charleston, SC

AR Me fee

Hilton Head, SC

HGBD Architects & Engineers

Savannah, GA

R. W. Chambers

Beaufort, SC

Charlotte, NC

Stewart Cooper Newell Architects

Gastonia, NC

A selection committee composed of the Division Director of Facilities & Construction Engineering, Facilities Management Director, Assistant County Administrator for Public Safety, Animal Services Director and Airports Director was tasked with evaluating and selecting the highest ranking firms based on qualifications and experience. The following 4 firms were ranked highest and were selected for interviews by the committee:

BDA Architecture. Glick Boehm & Associates.

RW Chambers.

Stewart Cooper Newell Architects

As a result of the interviews, Glick Boehm & Associates was ranked number one and was selected for subsequent fee negotiations. The Facilities Management Director met with the Glick Boehm Architect team and a final and best value offer totaling \$428,400 was submitted for the development of an approximate 10,000 sqft Animal Services & Control Facility on a six acre site. The proposed fee for the development of the Animal Services & Control Facility was reviewed and found to be fair and reasonable.

FUNDING. New Animal Shelter CIP Account 40090011-54600 with a fund balance of \$3.5million.

FOR ACTION. Public Facilities Committee Meeting on May 18, 2015.

RECOMMENDATION. The Public Facilities Committee approve and recommend to County Council approval of a design contract award to Glick Boehm & Associates for the design of the Animal Services & Control Facility in the amount of \$428,400 and funded as listed above.

Removing Prospect Road, Daufuskie Island from Country St.

DATE:

February 8, 2016

BACKGROUND. Prospect Road is an unpaved, County-maintained road located in the Bloody Point area of Daufuskie Island. It runs in a generally east-west direction from Pappy's Landing Road to New River. The County owns and maintains a 25-foot right-of-way for the easternmost section of the road - this section being approximately 540 feet in length. While the County also maintains the remainder of Prospect Road, it has no ownership or easement interest in the remainder.

Mr. Reed Dulany of Hatcher Holdings, LLC, owner of the Eigelberger Tract, wishes to have that portion of Prospect Road that traverses and/or encroaches on his property removed from the County's maintenance inventory. In return, he has offered to donate a 50-foot right-of-way along the eastern side of his parcel. This right-of-way would extend from Beach Road to Prospect Road, a distance of approximately 2,500 feet, and would include a major portion of Pappy's Landing Road. In addition, Mr. Dulany has offered to donate a smaller rightof-way (0.03 acres) on Beach Road. Staff has been working for some time to acquire right-of-way on both Pappy's Landing and Beach Roads. Mr. Dulany's donation would aid this effort significantly.

Mr. Dulany will also dedicate emergency vehicle turn-around areas where Prospect Road intersects his eastern and western property lines.

FOR ACTION. Public Facilities Committee on February 15, 2016.

**RECOMMENDATION.** Staff recommends that the Public Facilities Committee approve and recommend to County Council that Prospect Road be removed from the maintenance inventory and that the County accept the right-of-way donation for Pappy's Landing and Beach Road as outlined above.

Acceptance of Kato Lane Right-Of-Way, Port Royal Island

SUBJ:

DATE:

February 8, 2016

**BACKGROUND.** Kato Lane is a private, unpaved road with a platted 50 foot right-of-way and a length of approximately 1,036 feet. It is located off Pine Grove Road in the Burton area, and is owned by Brickyard Holdings, Inc., (Bobby Tillman, President).

The residents of Kato Lane (Wildwood Subdivision and Kato Rivers Subdivision) have petitioned the County to accept Kato Lane as a County road and to add it to the County's road maintenance inventory.

Brickyard Holdings, Inc., has submitted an executed quitclaim deed conveying its interest in the Kato Lane right-of-way to the County.

Acceptance of Kato Lane right of way was presented in August 2013 at which time County Council declined its acceptance as indicated in the attached August 26, 2013 minutes.

Public Works inspected Kato Lane on February 9, 2016 and there is no established formal drainage on the road as it is. There are some large holes in the road and Public Works estimates that total labor and material would cost approximately \$3,000 to bring it back into good shape.

**FOR ACTION.** Public Facilities Committee on February 15, 2016.

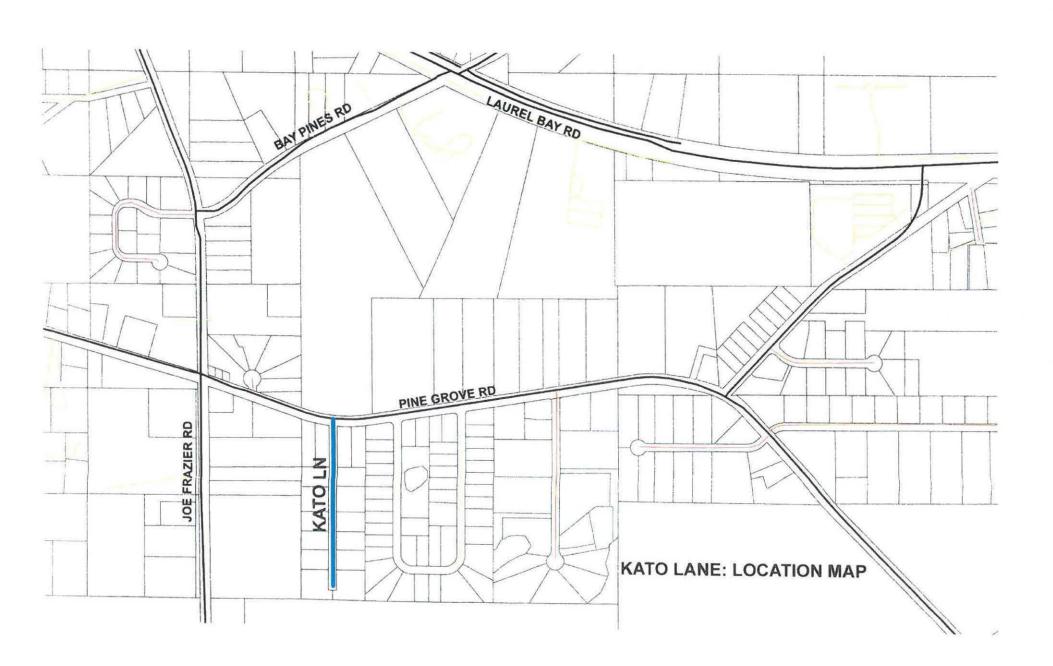

**RECOMMENDATION.** The Committee Chairman requested this issue be brought back to committee for re-consideration. Staff confirms this petition for road acceptance has been made in accordance with the provisions in County Policy Statement 17.

**Recommendation:** Council decline the acceptance of Kato Lane as a County maintained road.

### Policy Statement PS-17

### POLICY FOR THE ACCEPTANCE OF PRIVATE ROADS

Policy Statement (PS-15), adopted by County Council on July 28, 2003, outlined the County's policy with regard to "Working on Private Property". As a related issue, Policy Statement-15 (PS-15) also outlines a general procedure for qualifying and accepting private roads into the County's road maintenance inventory.

The demand for private road acceptance has grown significantly since the adoption of PS-15. County Council recognizes the necessity of treating private road acceptance as a separate issue, and wishes to clarify and refine the acceptance procedure. The new policy set forth herein, is intended to supersede only those portions of PS-15 that deal with the acceptance of private roads and the definitions of "private road" and "private driveway".

### Definitions:

- 1. <u>Private road</u>: a road, street or other vehicular pathway, paved or unpaved, that is owned and maintained by a non-governmental body (e.g., private individual or individuals), property owners association, developer, etc., and that has not been designated for public use.
- 2. <u>Private driveway</u>: a vehicular pathway where ownership of the land abutting both sides of such pathway is the same.
- 3. <u>Dwelling unit</u>: any residential unit, including detached, single-family dwellings, townhouse units, condominium units, individual apartments, and mobile homes. Dwellings may be owner-occupied or rental units

### **Qualifying Requirements**

To be considered for acceptance, a private road must meet each of the four criteria listed below:

- 1. Not a "private driveway as defined above
- 2. Directly accessible by a public road
- 3. Serve at least six (6) dwelling units
- 4. Property owners must submit a "Road Acceptance Application" as outlined below.

### Road Acceptance Application

1. <u>Submission of written application (petition)</u>: any property owner with land abutting a private road may request a "Road Acceptance Application" from the County Engineering Division:

- (a) Requests will be forwarded to the R/W Manager who will return an application form and a list of the names and mailing addresses of the abutting property owners;
- (b) It will be the applicant's responsibility to have each and every owner sign the application and then return the completed document to the R/W Manager. One hundred percent (100%) participation on the part of the property owners is required for acceptance consideration;
- (c) The R/W Manager will ensure that all necessary signatures have been obtained. He/she will notify the applicant of any deficiencies.
- 2. The completed application indicates the property owners' willingness to:
  - (a) Donate that amount of land needed to assemble a 50-foot wide right-of-way. A lesser right-of-way may be considered if it can be demonstrated that it is not feasible to assemble a full 50' right-of-way;
  - (b) Donate any existing or proposed drainage easements that the Public Works Department considers necessary for adequate drainage;
  - (c) Have the road designated for public use.
- 3. The completed application also indicates the property owners' permission for County employees to enter their property, as necessary, for the purpose of inspecting the existing roadway, assessing drainage needs, and surveying the proposed 50' right-of-way.

### Right-Of-Way Deeds

When it is determined that an application has been properly executed, the R/W Manger will prepare the necessary right-of-way deeds. Each deed will reference the County's survey of the proposed 50' right-of-way. The deeds will be mailed to the property owner at the address used by the County Treasurer for property tax mailings. All deeds must be properly executed and returned to the R/W Manager.

### **Road Inspection**

R/W Manager will determine the length of the road and the number of discrete dwelling units served by the road. He/she will pass this information on to the Public Works Director, whose staff will conduct an inspection of the existing roadway for the purpose of assessing needed repairs, drainage adequacy, and the estimated cost of bringing the road up to acceptable condition. A summary of these findings, along with comments and recommendations, will be returned to the R/W Manager.

### Public Facilities Committee Agenda Item

The R/W Manager will prepare an agenda item summarizing all the data regarding the subject road. The agenda item will include the recommendations, if any, of the Engineering Division and Public Works Department.

### Public Facilities Committee and County Council

An affirmative vote by simple majority, first by the Public Facilities Committee and then by County Council, is required for road acceptance.

NOW, THEREFORE, BE IT RESOLVED, the Beaufort County Council has approved the Policy for the Acceptance of Private Roads.

Adopted this 28th day of October, 2013.

Beaufort County is pleased to present this 2015 Comprehensive Annual Financial Report (CAFR), which has also been posted at our website (www.bcgov.net) and distributed to local media. The CAFR is intended to give readers an idea of what Beaufort County strives to accomplish in its financial reporting and public programs and services. The goal of the CAFR is to present correct and complete data so that County finances will be understood and to visually show the value of what the numbers represent—a treasured quality of life and amazing outdoor environment, illustrated herein with photographs demonstrating the life, color, and forms of our waterways. The CAFR offers an effective and transparent venue for delivering this important information. Transparency in government is essential for building public trust and is one of Beaufort County's top priorities. We are proud of the recognition Beaufort County has received for its commitment to transparency and excellence, including consistent Certificates of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association.

To the Chairman, Members of Beaufort County Council, And Citizens of Beaufort County Beaufort, South Carolina

Presented herein is the Comprehensive Annual Financial Report (CAFR) of Beaufort County, South Carolina for the fiscal year ended June 30, 2015. This report has been prepared by the County's Finance Department, and the responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the County. We believe the data, as presented, is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial position and results of operations of the County as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the County's financial affairs are included.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Cherry Bekaert LLP Certified Public Accountants, has issued an unmodified ("clean") opinion on the County's financial statements for the year ended June 30, 2015. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

### PROFILE OF LOCAL GOVERNMENT

Beaufort County, which was formed in 1785, operates under the Council/Administrator form of government with Council members elected for four-year terms from each of the eleven single-member districts. This report includes all funds of Beaufort County that are controlled by this governing body, and are considered to be the "reporting entity" known as Beaufort County. The services provided by this reporting entity, and therefore reflected in this financial report, include, but are not limited to: General Government (general administrative services, tax assessment and collection, courts and criminal justice administration, economic development); Public Safety (law enforcement, detention center, emergency medical services, emergency management, building codes enforcement, animal services); Public Works (facilities and grounds maintenance, roads and drainage, engineering, solid waste); Public Health (mosquito control, alcohol and drug abuse programs, disabilities and special needs programs, various subsidies); Public Welfare (veterans services, social services, various subsidies); and Cultural and Recreation (library, parks and leisure services, education subsidies).

In light of GASB Statement 61, The Financial Reporting Entity, the County has excluded the school district, the various public service districts, the fire districts, and the municipalities located within its boundaries as County Council does not exercise oversight responsibility, and accordingly each entity has sufficient discretion in the management of its own affairs. The County Treasurer does collect property taxes and other forms of revenue on behalf of these other political entities. The results of the fiduciary responsibility are reported on the combined financial statements as Agency Funds.

### LOCAL ECONOMY

Beaufort County is located in the southeastern corner of the State of South Carolina, known as the "Lowcountry." With a land area of approximately 637 square miles, it is bordered to the south and east by the Atlantic Ocean, to the west by Jasper County, and to the north by Hampton and Colleton Counties. Beaufort County stretches nearly 30 miles along the Atlantic Ocean and includes 64 major islands and hundreds of small islands.

The County is one of the fastest growing areas in South Carolina, with a population of 175,852 in 2015, up from 86,425 in 1990. The County is a center for tourism, retirement and the associated services, and the military in South Carolina. The County has a balanced and very stable economy, created by a diversity of public and private employers, with the unemployment rate well below the statewide average and that of the neighboring counties. The local tax base has grown an average of approximately 2% per year over the last five years (discounting the reassessment year).

In addition to the established resort community of Hilton Head Island, there are several major developments established in southern Beaufort County. These developments include Sun City Hilton Head, with more than 15,000 residents expected at build-out; Spring Island, Callawassie Island, Colleton River Plantation, Belfair, Berkeley Hall, Palmetto Bluff and Westbury Park. As expected, these developments have sparked an increase in commercial construction along the Highway 278 corridor, including a Home Depot, a Lowe's, a Wal-Mart Superstore, an expanded Factory Outlet Mall, a Dick's Sporting Goods store, a Target department store, and several major supermarkets.

Likewise, in northern Beaufort County, communities continue to develop at Dataw Island, Lady's Island, Cat Island, Brays Island, and Habersham and throughout the City of Beaufort, as well as the Town of Port Royal.

Beaufort County is also the location for three major military installations, the U.S. Marine Corps Recruit Depot located at Parris Island, the Marine Corps Air Station-Beaufort, and the Beaufort Naval Hospital. These locations have benefited by the Department of Defense closing certain other military bases in the nation.

### **MAJOR INITIATIVES**

Our number one goal is to make sure that Beaufort County remains financially sound and that we maintain a respectable contingency account to take care of the true emergencies that do arise from time to time; and to provide for a sufficient fund balance to enable our cash flow to carry us through those months prior to the billing and collection of property tax revenues. We have taken a systematic, businesslike approach to the running of Beaufort County. Additionally, we want to preserve our current "Aa1" Moody's and "AA+" Standard & Poor's bond ratings.

In December 1997, the County adopted a Comprehensive Plan for Beaufort County. A portion of this plan is a comprehensive land use study which proposes various "preservation areas and greenways". As a result, the County taxpayers approved four bond referendums totaling \$135,000,000 for the purchase of rural and critical lands. The County has issued \$115 million of the total bonds approved by the referendums. The fourth referendum was passed in November 2014 and the related bonds in the amount of \$20 million are planned for issuance in the upcoming months. The County had expenditures of \$3,322,117 for this initiative during fiscal year 2015.

In November 2004, County voters approved a 1% sales tax referendum, with the proceeds, along with County road impact fees, funding various major road projects throughout Beaufort County. These projects include the expansion of the Bluffton Parkway, Boundary Street improvements and the widening of South Carolina Highway 170. In addition to the sales tax and impact fee revenue, the County has obtained partial grant funding for these projects as well. The County had expenditures of \$23,507,547 for these projects during fiscal year 2015.

### LONG-TERM FINANCIAL PLANNING

In December 2006, the County issued bonds for \$30,000,000 to "pay off" the County's Bond Anticipation Notes of \$25,000,000 and provide additional funds for the construction of the Bluffton Parkway Project. This parkway is an alternative route of US Highway 278 and is expected to significantly improve the traffic flow in Southern Beaufort County. The County had expenditures of \$15,661,133 for the entire Bluffton Parkway project during fiscal year 2015.

In May 2013, the County issued \$7,580,000 of general obligation bonds bearing interest rates of 1.5% to 4.0% and with varying maturity dates through 2033. The proceeds of these bonds were used to pay off the related bond anticipation notes of \$2,500,000 and \$5,000,000 that were issued in May 2012 and October 2012, respectively.

In May 2013, the County issued \$25,000,000 of general obligation bonds bearing interest rates of 1.5% to 5.0% and with varying maturity dates through 2029. The proceeds of these bonds were used for the County's rural and critical land projects, as approved by referendum in November 2012. As of June 30, 2015, three referendums have approved a total of \$115,000,000 for rural and critical land purchases.

In May 2013, the County issued \$33,150,000 of general obligation refunding bonds bearing interest rates of 1.5% to 5.0% and with varying maturity dates through 2026. The proceeds were used to advance refund \$11,250,000 and \$21,900,000 of outstanding 2006 and 2006B general obligation bonds which had interest rates ranging from 3.5% to 8.0% and 4.0% to 6.75%, respectively.

In November 2014, the County issued \$19,450,000 of general obligation bonds bearing interest rates of 2.0% to 3.25% and with varying maturity dates through 2034. The proceeds of these bonds are for various planned facility upgrades including roof replacements, HVAC replacement, technology upgrades as well as Hilton Head Island Airport Projects.

In November 2014, the County issued \$22,570,000 of general obligation refunding bonds bearing interest rates of 2.5% to 4.0% and with varying maturity dates through 2029. The proceeds were used to advance refund \$24,550,000 of outstanding 2010B Build America Bonds which had interest rates ranging from 4.7% to 5.625%.

### RELEVANT FINANCIAL INFORMATION

The management of Beaufort County is responsible for developing and maintaining an internal control structure designed to ensure that the assets of the County are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The County's accounting system has given consideration to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. This concept of reasonable assurance recognizes that the cost of

control should not exceed the benefits likely to be derived and that the evaluation of costs and benefits requires estimates and judgments by management. Accordingly, management believes that the County's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper

recording of financial transactions.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Beaufort County, South Carolina for its comprehensive annual financial report for the fiscal year ended June 30, 2014. This was the sixth consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting

principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we

are submitting it to the GFOA to determine its eligibility for another certificate.

State statues require an annual audit by independent certified public accountants or independent public accountants. The accounting firm of Cherry Bekeart LLP was selected by County Council. In addition to meeting the requirements set forth in the statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1996, and related OMB Circular A-133. The auditor's report on the financial statements is included in the financial section of this report. The auditor's reports, pertinent to the

requirements of the Single Audit Act, are included in the Single Audit Section.

The preparation of this Comprehensive Annual Financial Report could not have been accomplished without the professional and dedicated services of the entire staff of the Finance Department throughout the fiscal year. We sincerely appreciate the efforts of other department heads and their employees who contributed

to this report.

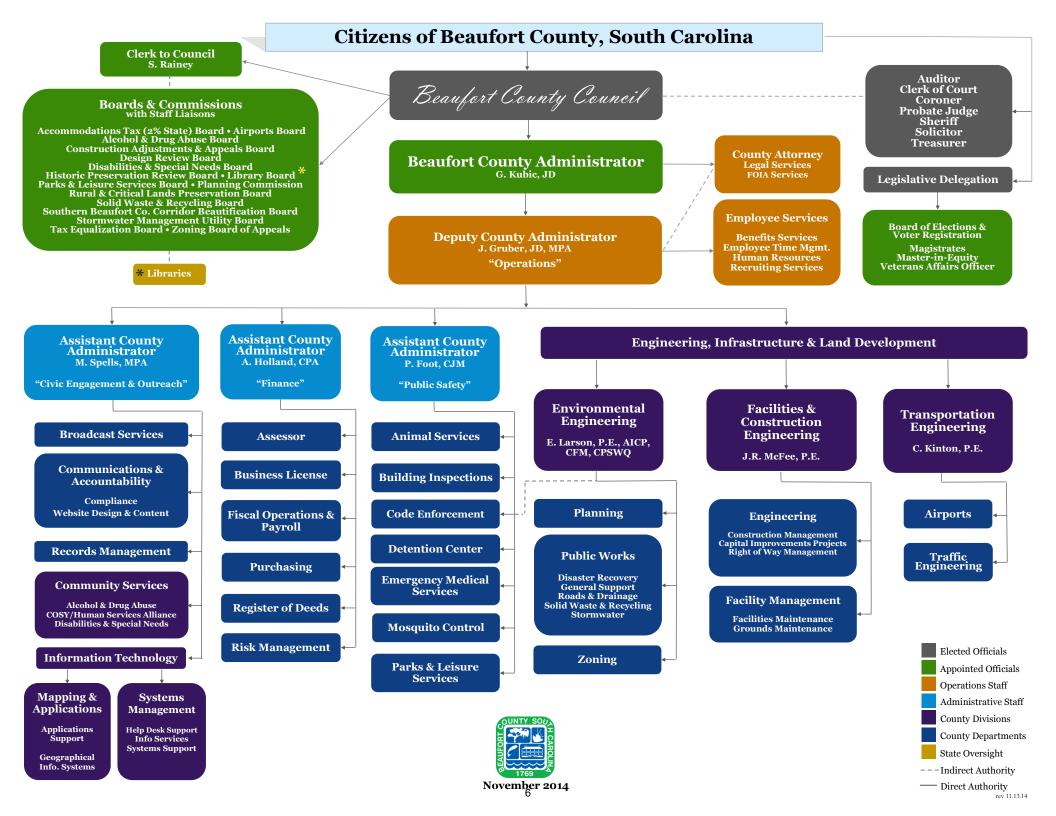

Additionally, we would like to express our appreciation to the County Administrator and to County Council for their continued support and understanding of the benefits of professional financial operations and reporting.

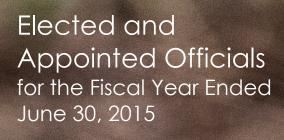

Respectfully submitted,

Presented to

# **Beaufort County South Carolina**

For its Comprehensive Annual Financial Report for the Fiscal Year Ended

June 30, 2014

Executive Director/CEO

### **Report of Independent Auditor**

Beaufort County Council
Beaufort County, South Carolina

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Beaufort County, South Carolina (the "County"), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2015, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Emphasis of a Matter**

Change in Accounting Principle

As discussed in Notes 10 and 14 to the financial statements, in 2015 the County adopted new accounting guidance, GASB Statement No. 68, Accounting and Financial Reporting for Pensions and GASB Statement No. 71, Pension Transition for Contributions made Subsequent to the Measurement Date. Our opinions are not modified with respect to this matter

### Special Item

As discussed in Note 11 to the financial statements, in 2015 the County adopted a resolution to terminate health care benefits offered to retirees. Accordingly, the impact of the related change in the estimate is reflected as a special item in the accompanying financial statements. Our opinions are not modified with respect to this matter.

### Other Matters

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of modified approach for airport infrastructure assets, the schedule of proportionate share of the net pension liability, and the schedule of pension contributions, as listed in the table of contents, be presented to supplement the basic financial statements.

Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, other supplementary information and the statistical section are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is also presented for the purpose of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States and Local Governments, and Non-Profit Organizations* and South Carolina Code of Laws Section 14-1-208(E)(2), and is not a required part of the basic financial statements.

The other supplementary information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated January 31, 2016 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

As management of Beaufort County, South Carolina (the County), we offer the readers of the County's financial statements this narrative overview and analysis of the financial activities of Beaufort County, South Carolina for the fiscal year ended June 30, 2015. We encourage the readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 1 through 5 of this report.

### FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of Beaufort County exceeded its liabilities and deferred inflows of resources at June 30, 2015 by \$313,177,441 (net position). The County's net position is categorized in three categories. Of the total net position \$286,029,950 is the County's investment in capital assets less the related debt, \$103,427,275 is restricted for specific purposes and (\$76,279,784) is the County's unrestricted deficit.
- The government's total net position increased by \$48,688,631 during the fiscal year ended June 30, 2015 with a \$49,106,082 increase resulting from governmental activities and a \$417,451 decrease resulting from business type activities.
- At the close of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$130,121,658, an increase of \$11,727,609 in comparison with the prior year. Approximately 19 percent, \$24,682,018 is available for spending at the government's discretion (unassigned fund balance).
- At the end of the current fiscal year, the County's unassigned fund balance of the general fund was \$24,682,018, or approximately 25 percent of the general fund expenditures and transfers out.
- Beaufort County's net capital assets increased by \$20,133,013 during the current fiscal year. The increase in governmental activities net capital assets of \$15,887,045 was mostly the result of road project improvements and additions and purchases of property through the Real Property Purchase Program. The increase in business type activities net capital assets of \$4,245,968 was mostly the result of land acquisition for the Hilton Head Island Airport runway extension project.

### OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements** – The *government-wide financial statements* are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the County's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, public safety, public works, public health, public welfare, and cultural and recreation. The business-type activities include the

stormwater utility, the Lady's Island Airport, and the Hilton Head Island Airport. The business-type activities function for all practical purposes as departments of the County, and therefore have been included as integral parts of the primary government.

The government-wide financial statements can be found on pages 26 through 27 of this report.

Fund financial statements – A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Beaufort County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows* and *outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the County wide general obligation bonds fund, and the sales tax projects fund, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining* statements following the notes to the financial statements in this report.

The County adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic fund financial statements for governmental funds can be found on pages 28 through 31 of this report.

**Proprietary funds** – The County maintains four different types of proprietary funds, three of which are *enterprise funds*. Enterprise funds are used to report the same functions as *business-type activities* in the government-wide financial statements. The County uses enterprise funds to account for its stormwater utility, Lady's Island Airport, and Hilton Head Island Airport operations. These funds report the services provided by the County for which the County charges a user fee or charge intended to recover all or a significant portion of their costs.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for stormwater utility, Lady's Island Airport, and the Hilton Head Island Airport, all of which are considered to be major funds of the County.

Internal service funds are an accounting mechanism to accumulate and allocate costs internally for the County. The County uses internal service funds to account for its garage.

The basic proprietary fund financial statements can be found on pages 33 through 36 of this report.

**Fiduciary funds** – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for the fiduciary funds is much like that used for proprietary funds.

The statement of fiduciary net position can be found on page 37 of this report.

**Notes to the financial statements** – The notes provide additional information that is essential to a full understanding of the data provided in both the government-wide and the fund financial statements. The notes are presented on pages 38 through 65 of the report.

**Other supplemental information** – In addition to the basic financial statements and accompanying notes, this report also presents certain supplemental information that further supports the financial statements.

The combining statements referred to earlier in connection with nonmajor governmental funds are presented within this section of this report and can be found on pages 80 through 203.

### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Beaufort County, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$313,177,441 as of June 30, 2015.

Of this amount, \$286,029,950 (approximately 91 percent) reflects the County's investment in capital assets (land, buildings and equipment); less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide a variety of services to citizens. Accordingly, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to repay the debt.

An additional \$103,427,275 of the County's net position (approximately 33 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position is a deficit of \$76,279,784.

At the end of the current fiscal year, Beaufort County is able to report positive balances in two categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities. The third category of net position is an unrestricted deficit for governmental activities of \$67,733,915 and business-type activities of \$8,545,869. These unrestricted deficits in net position are a result of the implementation of Governmental Accounting Standards Board (GASB) Statement No. 68 and No. 71 during fiscal year 2015.

The County's total net position increased by \$48,688,631 during the 2015 fiscal year. Key elements of this increase are as follows:

- The County's current and other assets increased by \$3.3 million as compared to fiscal year 2014. This increase is mostly attributable to cash and investments.
- In fiscal year 2015, the County had \$13.4 million of deferred outflows of resources related to the inclusion of the County's proportionate share of its pension liability in accordance with Governmental Accounting Standards Board (GASB) Statement No. 68 and No.71 and the contributions to the pension plan. This was an \$8.3 million increase as compared to fiscal year 2014.
- The County's net capital assets increased by \$20.1 million as compared to fiscal year 2014. This increase occurred mostly from the County's \$23.5 million investment in infrastructure related to 1% sales tax referendum road projects and grants, \$2.1 million investment in infrastructure related to the County's road improvement program funded by gasoline tax and the motor vehicle fee, \$3.3 million in purchases of land through the County's rural and critical lands referendum program and \$7.1 million of capital expenditures at the Hilton Head Island Airport related to the runway extension project and other Federal Aviation Administration (FAA) funded projects. See the capital assets and debt administration section below for more detail.
- The County's long-term liabilities increased by \$65.3 million. This increase is due to the inclusion of the County's proportionate share of its pension liability in accordance with Governmental Accounting Standards Board (GASB) Statement No. 68 and No. 71 in the amount of \$91.8 million in fiscal year 2015. Other post-employment benefits obligation also decreased in the amount of \$28.8 million as compared to fiscal year 2014. This was due to future termination of the post-employment benefit (see Note 11 in the notes to the financial statements for more detail). There was also one new general obligation bond and one refunding general obligation bond issued during fiscal year 2015.
- In fiscal year 2015, the County had \$8.6 million of deferred inflows of resources related to the inclusion of the County's proportionate share of its pension liability in accordance with Governmental Accounting Standards Board (GASB) Statement No. 68 and the net pension change in projected investment earnings. This was an \$8.6 million increase as compared to fiscal year 2014.

Governmental activities increased the County's net position by \$49.1 million, thereby accounting for 101 percent of the total growth in the net position of the County. Key elements in fiscal year 2015's activity are as follows:

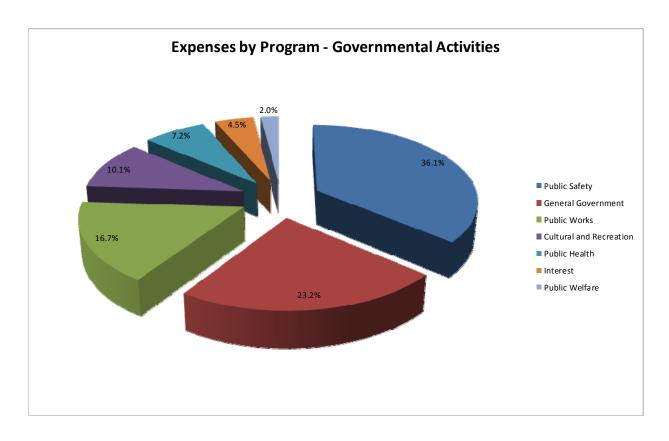

- Capital grants and contributions received by the County decreased by \$1.2 million (or 7%) in fiscal year 2015 as compared to fiscal
  year 2014. This decrease is attributed to grants related to the South Carolina Highway 170 Widening project and the Bluffton
  Parkway Phase 5A Segment 2 (Bluffton Parkway Flyover Bridge) project. As these projects near completion, the County has
  received the majority of the grants funds allocated to these projects.
- Operating grants and contributions increased in the amount of \$1.6 million (or 15%) in fiscal year 2015 as compared to fiscal year
   2014. This increase is attributable to a slight increase in state funding for the County's Disabilities and Special Needs Department and increased activity related to the Housing and Urban Development Home Consortium Program.
- Charges for services revenues increased by approximately \$1.1 million (or 3.4%) in fiscal year 2015 as compared to the 2014 fiscal
  year. Emergency Medical Services Fees and Register of Deeds Fees increased by approximately \$500 thousand and \$300
  thousand, respectively, in fiscal year 2015 as compared to fiscal year 2014.
- Property tax revenues increased by \$4.2 million (or 4.6%) in fiscal year 2015 as compared to fiscal year 2014. This increase is attributable to the County slowly recovering from the recession beginning in 2007 and a slight millage rate increase in fiscal year 2015 as compared to fiscal year 2014.
- Sales tax revenues decreased by \$0.2 million (or 68.2%) in fiscal year 2015 as compared to fiscal year 2014. This decrease is due to the 1% imposed sales tax ending effective October 1, 2012. The County received a small amount of residual sales tax collected by the state during fiscal year 2015 related to delinquent filings with the South Carolina Department of Revenue.
- County public safety expenses decreased by \$3.9 million (or 6.8%) in fiscal year 2015 as compared to fiscal year 2014. This
  decrease is mostly attributable to the termination of other post-employment benefits as discussed in Note 11 of the notes to the
  financial statements.
- County public works expenses increased by \$2.4 million (or 10.9%) in fiscal year 2015 as compared to fiscal year 2014. This increase is due to several road improvement projects funded by the County's Road Improvement Program.
- County interest expense decreased by \$2.7 million or (28.5%) in fiscal year 2015 as compared to fiscal year 2014. The decrease is related to the County taking advantage of lower interest rates over the past four (4) years and refunding general obligation bonds.

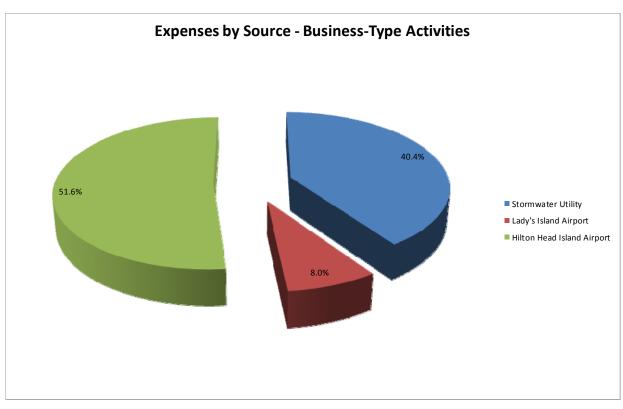

Business-type activities decreased the County's net position by \$417 thousand, accounting for negative 1 percent of the total growth in the net position of the County. Key elements of this decrease are as follows:

- The Hilton Head Island Airport's revenues increased \$.6 million in fiscal year 2015, as compared to fiscal year 2014. This net
  increase is a result of a \$750 thousand increase in capital grants and contributions due to the increase of FAA funded project
  activity.
- The Hilton Head Island Airport expenses increased by \$1.4 million in fiscal year 2015, as compared to fiscal year 2014. The
  operating expenses decreased by \$410 thousand in fiscal year 2015 as compared to fiscal year 2014 while the non-operating
  expenses increased by \$1.7 million due to increased activity in grant funded projects and increased interest expense related to the
  notes payable to the debt service fund.
- In fiscal year 2015, the Stormwater Utility's revenues increased by \$43 thousand as compared to fiscal year 2014. The Stormwater Utility's expenses decreased by \$470 thousand in fiscal year 2015 as compared to fiscal year 2014.
- The Lady's Island Airport's revenues increased \$24 thousand in fiscal year 2015, as compared to fiscal year 2014. The Lady's Island Airport expenses increased in fiscal year 2015 by \$66 thousand as compared to fiscal year 2014. The operating expenses decreased by \$39 thousand in fiscal year 2015 as compared to fiscal year 2014 while the non-operating expenses increased by \$104 thousand due to increased activity in grant funded projects and increased interest expense related to the notes payable to the debt service fund.

#### FINANCIAL ANALYSIS OF THE GOVERNMENTAL FUNDS

As noted earlier, Beaufort County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds** – The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$130,121,658, an increase of \$11,727,609, in comparison with the prior year. Approximately 19 percent of this total fund balance, \$24,682,018 constitutes *unassigned fund balance*, which is available for spending at the government's discretion. The remainder of the fund balance totaling \$105,439,640 is either nonspendable, restricted, committed, or assigned for specific spending. This includes \$6,072,429 "not in spendable form" for items that are not expected to be converted to cash within one year, such as prepaid items and long-term notes receivable. The remainder includes \$99,367,211 restricted, committed, or assigned for programs.

**General Fund** – The general fund is the main operating fund of the County. At the end of the current fiscal year, the unassigned portion of the fund balance of the general fund was \$24,682,018, while the total fund balance was \$26,694,383. As a measure of the general fund's liquidity, a comparison is made of both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents approximately 25 percent of total general fund expenditures and transfers out, while the total fund balance represents approximately 27 percent of total general fund expenditures and transfers out. Refer to pages 22 to 23 for the key elements of fiscal year 2015's general fund activity.

County Wide General Obligation Bonds Fund – At the end of the current fiscal year, the total fund balance of the county wide general obligation bonds fund was \$11,809,820. \$4,392,238 (or 37%) of the county wide general obligation bonds fund balance is nonspendable, as it consists of the long-term portion of notes receivable. The remaining \$7,417,582 (or 63%) of the county wide general obligation bonds fund balance is restricted for debt service. This fund recognized revenues of \$9,431,010, total expenditures of \$19,874,845, and \$13,342,269 in other financing sources, for a net change in fund balance of \$2,898,434. The County has a debt fund balance policy requiring millage to be set at annual required debt service levels.

Sales Tax Projects Fund – At the end of the current fiscal year, the total fund balance of the sales tax projects fund was \$22,113,141, all of which was restricted for capital projects. The sales tax projects fund recognized revenues of \$13,746,689, total expenditures of \$23,507,547, for a net change in fund balance of (\$9,760,858). Sales tax collections for this project ceased during fiscal year 2013, as the intended referendum sales tax collection amount was fully collected, this fund balance will be spent in upcoming years.

Further details of the County's major funds are shown on Schedule "A" and further details of the County's nonmajor governmental funds are shown on Schedules "B", "C", "D" and "E".

**Proprietary funds** – The focus of the County's proprietary funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County proprietary funds' financing requirements. As restrictions, commitments, and other limitations on net position significantly affect the availability of fund resources for future use, unreserved net position may serve as a useful measure of a government's proprietary net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's proprietary funds reported combined ending net position of \$19,019,457, which is a decrease of \$417,451 in comparison with the prior year. The proprietary funds recognized operating revenues of \$5,562,712 and operating expenses of \$4,945,603. Non-operating revenues and expenses totaled (\$2,510,752) while capital contributions totaled \$1,476,192 in fiscal year 2015, for a net change in fund balance of (\$417,451).

**Stormwater Utility** – At the end of the current fiscal year, the net position of the stormwater utility fund was \$1,360,928, of which \$902,104 was invested in capital assets, net of related debt, leaving a balance of \$458,824 in unrestricted net position. The stormwater utility fund recognized operating revenues of \$3,233,578, total operating expenses of \$3,534,035, and \$2,670 in net non-operating revenues, for a change in net position of \$569,435. The stormwater utility also recognized a decrease in other postemployment benefit in the amount of \$867,222, which resulted in the positive change in net position for fiscal year 2015.

Lady's Island Airport – At the end of the current fiscal year, the net position of the Lady's Island Airport fund was \$3,378,839, of which \$3,885,868 was invested in capital assets, net of related debt, leaving a deficit balance of \$507,029 in unrestricted net position. The Lady's Island Airport recognized operating revenues of \$552,091, total operating expenses of \$591,928, \$111,986 in net non-operating expenses, \$23,605 in capital contributions and a decrease in other postemployment benefits of \$35,306, for a change in net position of (\$102,401). The decrease in the Lady's Island Airport fund balance in the 2015 fiscal year was mostly the result of increased non-operating grant expenses that will be reimbursed by the Federal Aviation Administration in the following fiscal year.

Hilton Head Island Airport – At the end of the current fiscal year, the net position of the Hilton Head Island Airport fund was \$14,279,690, of which \$22,777,354 was invested in capital assets, net of related debt, leaving a deficit balance of \$8,497,664 in unrestricted net position. The Hilton Head Island Airport recognized operating revenues of \$1,777,043, total operating expenses of \$2,050,569, \$2,401,436 in net non-operating expenses, \$1,462,076 in capital contributions and a decrease in other postemployment benefits of \$328,401, for a change in net position of (\$884,485). The decrease in net position within the Hilton Head Island Airport fund in the 2015 fiscal year was mostly the result of the increased non-operating grant expenses that will be reimbursed by the Federal Aviation Administration in the following fiscal year.

The general fund original budget's net position varied from its final budget's net position by \$1.4 million. This variation is due to an ordinance established during fiscal year 2015 that amended the original budget ordinance and reduced expenditure appropriation levels so not to exceed anticipated general revenues. Key elements of the budget amendment are as follows:

• There were decreasing budget revisions totaling \$1.4 million to the County's general fund expenditures. These decreasing budget revisions mostly relate to public health subsidies and natural attrition of personnel throughout the County departments.

The actual net position of the County's general fund varied from its final budget's net position by \$4.1 million. Key elements of this are as follows:

- The County's general fund actual revenues had a positive variance of \$3.9 million as compared to the final budget of fiscal year 2015. This positive variance is attributable to increased actual revenue as compared to expected revenue related to Register of Deeds and Emergency Medical Services fees.
- The County's general fund actual expenditures had a positive variance of \$152 thousand as compared to the final budget of fiscal
  year 2015. County Council approved a real estate purchase in the amount of \$675 thousand to be funded from the general fund
  reserves during fiscal year 2015.

#### CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets – Beaufort County's investment in capital assets for its governmental and business-type activities as of June 30, 2015 was \$515,192,866 (net of accumulated depreciation). This investment in capital assets includes land and easements, buildings and improvements, infrastructure, and equipment. The total increase in the County's investment in capital assets for the current fiscal year was 4.1 percent (in which governmental activities capital assets increased by 3.4 percent and business-type activities capital assets increased by 18.2 percent).

In lieu of annual depreciation, the County has elected to use the modified approach for its airport infrastructure assets, which include runways, taxiways, and aprons. As of June 30, 2015, 100 percent of airport infrastructure assets were in a fair or better condition.

Additional information on the County's modified approach for airport infrastructure assets can be found on Schedule 1 on page 66 of this report.

#### 1. <u>Summary of Significant Accounting Policies</u>

The financial statements of Beaufort County, South Carolina, have been prepared in conformity with accounting principles (GAAP) generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

#### Reporting Entity

Beaufort County operates under the Council/Administrator form of government with Council members elected for four-year terms from each of the eleven single-member districts. This report includes all funds of Beaufort County that are controlled by this governing body, and are considered to be the "reporting entity" known as Beaufort County.

#### **Government-Wide Financial Statements**

The statement of net position and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. For the most part, the effect of interfund activity has been removed from the statements. The statements distinguish between those activities of the County that are governmental and those that are considered business-type activities.

The statement of net position presents the financial condition of the governmental and business-type activities for the County at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and for the business-type activities of the County. Direct expenses are those that are specifically associated with a service, program, or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient for the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the County.

#### Fund Financial Statements

During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

#### Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as is the proprietary fund. The fiduciary fund financial statements are reported using no measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting.* Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

For the Year Ended June 30, 2015

#### Summary of Significant Accounting Policies – Continued:

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The government reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *county wide general obligation bond fund* accounts for the expenditures of the bond proceeds of the bonds issued for various capital projects throughout the County.

The **sales** tax **projects** fund accounts for the expenditure of the 1% local sales tax referendum proceeds which are used for various capital projects throughout the County.

The County reports the following enterprise funds as major proprietary funds:

The **stormwater utility fund** is used to account for all revenue and expenses related to the County's Stormwater Utility operations.

The *Lady's Island Airport fund* is used to account for all revenue and expenses related to the County's Lady's Island Airport.

The *Hilton Head Island Airport fund* is used to account for all revenue and expenses related to the County's Hilton Head Island Airport.

The County's proprietary funds also include an *Internal Service Fund* to account for the financing of goods and services provided by one department or agency to other departments or agencies of the County or to other governments, on a user charge basis. This fund include the County Garage, which accounts for the maintenance and repair of vehicles.

Additionally, the government reports the following non-major fund types:

#### Special Revenue Funds

The special revenue funds are used to account for the proceeds of specific revenue sources (other than special assessments, or major capital projects) that are legally restricted or committed to expenditures for specified purposes other than debt service and capital projects.

#### **Debt Service Funds**

Debt service funds are used to account for the accumulation of restricted resources for, and the payment of, general long-term debt principal and interest.

#### Capital Projects Funds

Capital projects funds are used to account for financial restricted resources to be used for the acquisition or construction of major capital facilities.

#### Agency Funds

The agency funds account for monies held on behalf of school districts, special districts, and other agencies that use the County as a depository or property taxes are collected on behalf of the other governments. These funds are custodial in nature and do not involve measurement of results of operations.

For the Year Ended June 30, 2015

#### Summary of Significant Accounting Policies – Continued:

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's garage function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amount reported as *program revenues* include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and *expenses* from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Net Position - Net position represents the difference between assets, liabilities and deferred inflows/outflows of resources. Net position invested in net capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restriction imposed by creditors, grantors, laws, or regulations of other governments. Net position invested in net capital assets was as follows:

|   | `  |               |    |            |  |

Deferred outflows/inflows of resources - In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The government has three items that qualify for reporting in this category. These items include the deferred charge on refundings, contributions to the pension plan and pension experience differences. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Additionally, changes in net pension liability due to liability experience not included in pension expense and employer contributions subsequent to the measurement date of the net pension liability are reported as deferred outflows of resources. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has two items that qualify for reporting in this category. Unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources: property taxes and special assessments. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Additionally, changes in net pension liability due to actual versus projected investment earnings not included in pension expense are reported as deferred inflows of resources in the government-wide statement of net position.

For the Year Ended June 30, 2015

Summary of Significant Accounting Policies – Continued:

Net position flow assumption - Sometimes the County will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider

restricted – net position to have been depleted before unrestricted – net position is applied.

Cash and cash equivalents - The County's cash and cash equivalents are considered to be cash on hand, demand deposits,

and short-term investments with original maturities of three months or less from the date of acquisition.

Equity in Pooled Cash and Investments - The County maintains a pooled cash and investment account for all funds for accounting and investment purposes. This gives the County the ability to invest idle cash for short periods of time and to earn the most favorable available rate of return. The "equity in pooled cash and investments" represents the amount of pooled cash and investments owned by each fund of the County. Certain individual funds may reflect a cash deficit, from time to time. These cash deficits are not considered an equity transfer since the transfer has not been approved by County Council and is

considered to be temporary in nature.

Investments - Investments consist of certificates of deposit and repurchase agreements. With the majority of the County's

investments maturing in less than 1 year, all investments are recorded at cost, which approximates fair value.

Receivables - All receivables are reported at their gross value and when appropriate, are reduced by the estimated portion that

is uncollectible.

Inventories - Inventories consist of fuels and supplies (enterprise funds) and are stated at the lower of "first-in, first-out" cost or

market.

<u>Capital Assets</u> - Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is calculated on the straight-line basis starting in the month

of purchase/completion over the following estimated useful lives:

Buildings 25 Years Improvements 25 Years Infrastructure 25 Years Equipment 5 - 10 Years

In lieu of annual depreciation, the County has elected to use the "modified approach" for its infrastructure assets within its Hilton Head Island Airport and its Lady's Island Airport, which consists of reporting as required supplemental information (RSI) the current assessed condition of the assets pursuant to its runway, taxiway, and apron management system and the estimated

annual amounts to maintain and preserve such assets along with actual amounts expensed during the period.

#### Summary of Significant Accounting Policies – Continued:

<u>Long-Term Obligations</u> – In the government-wide financial statements and proprietary funds financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable government activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as bond proceeds. Premiums received on debt issuances are reported as interest on investments while discounts and issuance costs are reported as interest and fees expenditures.

<u>Compensated Absences</u> – The County accrues compensated absences and associated employee-related costs when earned by the employee. The general fund is used to liquidate the liability for non-proprietary fund accrued compensated absences.

<u>Due to and from Other Funds/Internal Balances</u> – Interfund receivables and payables in the fund financial statements and internal balances in the government-wide financial statements arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

<u>Revenues</u> – Substantially all governmental fund revenues are accrued. Property taxes are billed and collected within the same period in which the taxes are levied.

Expenditures – Expenditures are recognized when the related fund liability is incurred.

<u>Use of Estimates</u> – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the County's financial position and results of operations and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

<u>Budgets and Budgetary Accounting</u> - The County uses GAAP as the basis for its budgeting and uses the following procedures in establishing the budgetary data reflected in the financial statements:

- (1) The County Administrator submits to County Council, prior to June 1, proposed operating, special revenue, debt service, and capital improvement (CIP) budgets for the fiscal year commencing July 1. The operating, special revenue, debt service, and CIP budgets include proposed expenditures, revenues, and financing sources.
- (2) The Council requires such changes to be made as it deems necessary, provided the budget remains in balance and is subject to the notice of hearing requirements of Section 4-9-140 of the South Carolina Statutes.
- (3) Public hearings are held pursuant to Section 4-9-140 of the South Carolina Statutes in order for the Council to adopt the tentative and final budget.
- (4) Prior to July 1, the operating, special revenue, debt service and CIP budgets are legally enacted through passage of an ordinance setting forth anticipated revenues and appropriations by fund.
- (5) The County Administrator or his designee is authorized to transfer funds among operating accounts or among capital accounts within a department. All transfers over \$10,000 between departments and programs or between operating and capital accounts must be authorized by the Council in accordance with Section 4-9-140 of the South Carolina Statutes. In accordance with County Ordinance #2006/14, Section 12, amounts of \$10,000 or less can be approved by the Council Chairman and/or Council Finance Committee Chairman; transfers of \$5,000 or less can be approved by the County Administrator and/or his designee.

#### **General Obligation Bonds**

In November 2006, the County issued \$17,500,000 in general obligation bonds bearing interest rates of 3.5% to 8.0% and with varying maturities through 2026. The proceeds of these bonds were used for various County projects.

In December 2006, the County issued \$30,000,000 in general obligation bonds bearing interest rates of 4.0% to 6.75% and with varying maturities through 2026. The proceeds of these bonds were used to "pay off" the County's bond anticipation notes of \$25,000,000 and provide additional funds for the construction of the Bluffton Parkway Project.

In September 2007, the County issued \$25,500,000 of general obligation bonds bearing interest rates of 4.0% to 5.0% and with varying maturity dates through 2027. \$20,000,000 of the proceeds of these bonds was used for the County's rural and critical lands projects, as approved by referendum in November 2006, and the remaining \$5,500,000 of the proceeds of these bonds was used for the Buckwalter Parkway extension.

In October 2007, the County issued \$17,530,000 of general obligation refunding bonds bearing interest rates of 4.0% to 5.0% and with varying maturity dates through 2020. These refunding bonds provide resources to purchase U.S. Government State and Local Government Series Securities that were placed in an irrevocable trust for the purpose of generating resources for most future debt service payments on the 2001 County Bonds. As a result, the refunded bonds were considered to be partially defeased and the liability has been removed from the governmental activities column of the statement of net position. The reacquisition price exceeded the net carrying value of the old debt by \$809,915, as the transaction resulted in an economic gain of \$1,344,074. The 2001 County Bonds were fully retired during the 2011 fiscal year.

In March 2010, the County issued \$48,755,000 of general obligation bonds and Build America General Obligation Bonds bearing interest rates of 2.0% to 5.625% and with maturity dates through 2029. The proceeds of these bonds were used to pay off the related bond anticipation notes that were issued in March 2009. \$20,000,000 of the proceeds of the bond anticipation notes were used for the County's rural and critical lands projects and \$28,755,000 of the proceeds were used for various County projects.

In November 2010, the County issued \$8,125,000 of general obligation refunding bonds bearing interest rates of 2.0% to 4.0% and with varying maturity dates through 2022. The refunding bonds provide resources to purchase U.S. Government State and Local Government Series Securities that were placed in an irrevocable trust for the purpose of generating resources for most future debt service payments on the 2002 County Bonds. As a result, the refunded bonds are considered to be partially defeased and the liability has been removed from the governmental activities column of the statement of net position. The reacquisition price exceeded the net carrying value of the old debt by \$547,943, as the transaction resulted in an economic gain of \$420,749.

In December 2011, the County issued \$10,000,000 of general obligation bonds bearing interest rates of 2.0% to 3.5% and with varying maturity dates through 2031. The proceeds of these bonds were used for the County's rural and critical lands projects, as approved by referendum in November 2006.

#### 5. <u>Long Term Obligations – Continued:</u>

In January 2012, the County issued \$15,295,000 of general obligation refunding bonds bearing interest rates of 2.0% to 4.0% and with varying maturity dates through 2023. The refunding bonds provide resources to purchase U.S. Government State and Local Government Series Securities that were placed in an irrevocable trust for the purpose of generating resources for most future debt service payments on the 2003 County Bonds. As a result, the refunded bonds are considered to be partially defeased and the liability has been removed from the governmental activities column of the statement of net position. The reacquisition price exceeded the net carrying value of the old debt by \$1,400,206, as the transaction resulted in an economic gain of \$2,196,519.

In August 2012, the County issued \$25,185,000 of general obligation refunding bonds bearing interest rates of 2.0% to 5.0% and with varying maturity dates through 2025. The proceeds were used to advance refund \$27,050,000 of outstanding 2005 general obligation bonds which had interest rates ranging from 3.0% to 5.0%. The net proceeds of \$28,882,311 (including a \$3,938,020 premium and after payment of \$240,709 in underwriting fees and other issuance costs) were deposited in an irrevocable trust with an escrow agent to provide funds for the future debt service payments on the refunded bonds. As a result, the 2005 general obligation bonds are considered to be partially defeased and the liability has been removed from the governmental activities column of the statement of net position. The reacquisition price exceeded the net carrying value of the old debt by \$1,832,311, as the transaction resulted in an economic gain of \$4,316,298.

In October 2012, the County issued \$6,000,000 of general obligation bonds through the United States Department of Agriculture bearing an interest rate of 3.5% and with varying maturity dates through 2052. The proceeds of these bonds were used for the County's St. Helena Library project.

In May 2013, the County issued \$7,580,000 of general obligation bonds bearing interest rates of 1.5% to 4.0% and with varying maturity dates through 2033. The proceeds of these bonds were used to pay off the related bond anticipation notes of \$2,500,000 and \$5,000,000 that were issued in May 2012 and October 2012, respectively.

In May 2013, the County issued \$25,000,000 of general obligation bonds bearing interest rates of 1.5% to 5.0% and with varying maturity dates through 2029. The proceeds of these bonds were used for the County's rural and critical land projects, as approved by referendum in November 2012.

In May 2013, the County issued \$33,150,000 of general obligation refunding bonds bearing interest rates of 1.5% to 5.0% and with varying maturity dates through 2026. The proceeds were used to advance refund \$11,250,000 and \$21,900,000 of outstanding 2006 and 2006B general obligation bonds which had interest rates ranging from 3.5% to 8.0% and 4.0% to 6.75%, respectively. The net proceeds of \$37,026,992 (including a \$4,174,601 premium and after payment of \$297,609 in underwriting fees and other issuance costs) were deposited in an irrevocable trust with an escrow agent to provide funds for the future debt service payments on the refunded bonds. As a result, the 2006 and 2006B general obligation bonds are considered to be partially defeased and the liability has been removed from the governmental activities column of the statement of net position. The reacquisition price exceeded the net carrying value of the old debt by \$3,876,919, as the transaction resulted in an economic gain of \$2,013,870.

In November 2014, the County issued \$19,450,000 of general obligation bonds bearing interest rates of 2% to 5% and with varying maturity dates through 2034. The proceeds of these bonds will be used for various County and Hilton Head Island Airport capital projects.

In November 2014, the County issued \$22,570,000 of general obligation refunding bonds bearing interest rates of 2.5% to 4% and with varying maturity dates through 2029. The proceeds of these bonds will be used to advance refund the outstanding 2010B Build America General Obligation Bonds. The net proceeds of \$25,106,406 (including a \$2,246,455 premium after payment of \$289,951 in underwriting fees and other issuance costs) were deposited with an escrow agent to refund the bonds. As a result, the 2010B general obligation bonds are considered to be defeased and the liability has been removed from the governmental activities column of the statement of net position. The reacquisition price exceeded the net carrying value of the old debt by \$225,674, as the transaction resulted in an economic gain of \$2,439,944.

#### Tax Increment Financing Revenue Bonds

In January 2013, the County issued \$5,685,000 in Tax Increment Revenue Refunding Bonds for the Bluffton TIF District, bearing an interest rate of 1.42% and with varying maturities through 2019. The refunding bonds provide resources to purchase U.S. Government State and Local Government Series Securities that were placed in an irrevocable trust for the purpose of generating resources for most future debt service payments on the Bluffton TIF District. As a result, the refunded bonds are considered to be partially defeased and the liability has been removed from the governmental activities column of the statement of net position. The transaction resulted in an economic gain of \$864,271.

Tax increment revenue bonds accounted for in the County's Statement of Net Position consist of the following at June 30, 2015:

| Description                 | Rates | Dates       | Maturity | Original Issue            | Outstanding at June 30, 2015 |
|-----------------------------|-------|-------------|----------|---------------------------|------------------------------|

For the Year Ended June 30, 2015

#### 9. <u>Deferred Compensation Plans</u>

All state and local government employees can participate in a deferred compensation plan created in accordance with Internal Revenue Code 457. The plan, administered by the state public employee retirement system through a state approved nongovernmental third party, permits governmental employees to defer a portion of their salary until future years. The deferred compensation is not available to an employee until termination, retirement, death, or unforeseeable emergency. Contributions by employees under the 457 program totaled \$287,389 for the year ended June 30, 2015. There are no employer contributions made by the County to this plan. Participant account balances are not included in these financial statements.

County employees may participate in a 401(k) or a Roth 401(k) deferred compensation plans available to state and local governmental employees through the state public employee retirement system. The 401(k) and Roth 401(k) programs are administered by a state approved nongovernmental third party. Contributions by employees under the 401(k) and Roth 401(k) programs totaled \$688,055 and \$18,925, respectively, for the year ended June 30, 2015. There are no employer contributions made by the County to these plans. Participant account balances are not included in these financial statements.

#### 10. Pension Plans

The South Carolina Public Employee Benefit Authority (PEBA), which was created July 1, 2012, administers the various retirement systems and retirement programs managed by its Retirement Division. PEBA has an 11 member Board of Directors, appointed by the Governor and General Assembly leadership, which serves as co-trustee and co-fiduciary of the systems and the trust funds. By law, the Budget and Control Board, which consists of five elected officials, also reviews certain PEBA Board decisions regarding the funding of the Systems and serves as a co-trustee of the Systems in conducting that review. PEBA issues a Comprehensive Annual Financial Report (CAFR) containing financial statements and required supplementary information for the South Carolina Retirement Systems' Pension Trust Funds. The CAFR is publicly available on the Retirement Benefits' link on PEBA's website at <a href="https://www.retirement.sc.gov">www.retirement.sc.gov</a>, or a copy may be obtained by submitting a request to South Carolina Public Employee Benefit Authority, Retirement Systems Finance, 202 Arbor Lake Drive, Columbia, SC 29223. PEBA is considered a division of the primary government of the state of South Carolina and therefore, retirement trust fund financial information is also included in the comprehensive annual financial report of the state.

#### Plan descriptions:

The South Carolina Retirement System (SCRS), a cost–sharing multiple-employer defined benefit pension plan, was established effective July 1, 1945, pursuant to the provisions of Section 9-1-20 of the South Carolina Code of Laws for the purpose of providing retirement allowances and other benefits for employees of the state, its public school districts, and political subdivisions.

The South Carolina Police Officers Retirement System (PORS), a cost-sharing multiple-employer defined benefit pension plan, was established effective July 1, 1962, pursuant to the provisions of Section 9-11-20 of the South Carolina Code of Laws for the purpose of providing retirement allowances and other benefits for police officers and firemen of the state and its political subdivisions.

#### Membership:

Membership requirements are prescribed in Title 9 of the South Carolina Code of Laws. A brief summary of the requirements under each system is presented below.

SCRS -Generally, all employees of covered employers are required to participate in and contribute to the system as a condition of employment. This plan covers general employees and teachers and individuals newly elected to the South Carolina General Assembly beginning with the November 2012 general election. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.

For the Year Ended June 30, 2015

#### 10. Pension Plans (continued)

#### Membership (continued):

**PORS** -To be eligible for PORS membership, an employee must be required by the terms of his employment, by election or appointment, to preserve public order, protect life and property, and detect crimes in the state; to prevent and control property destruction by fire; or to serve as a peace officer employed by the Department of Corrections, the Department of Juvenile Justice, or the Department of Mental Health. Probate judges and coroners may elect membership in PORS. Magistrates are required to participate in PORS for service as a magistrate. PORS members, other than magistrates and probate judges, must also earn at least \$2,000 per year and devote at least 1,600 hours per year to this work, unless exempted by statute. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.

#### Benefits:

Benefit terms are prescribed in Title 9 of the South Carolina Code of Laws. PEBA does not have the authority to establish or amend benefit terms without a legislative change in the code of laws. Key elements of the benefit calculation include the benefit multiplier, years of service, and average final compensation. A brief summary of benefit term for each system in presented below.

SCRS – A Class Two member (membership prior to July 1, 2012) who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 65 or with 28 years credited service regardless of age. A member may elect early retirement with reduced pension benefits payable at age 55 with 25 years of service credit. A Class Three member (membership on or after July 1, 2012) who has separated from service with at least eight or more years of earned service is eligible for a monthly pension upon satisfying the Rule of 90 requirement that the total of the member's age and the member's creditable service equals at least 90 years. Both Class Two and Class Three members are eligible to receive a reduced deferred annuity at age 60 if they satisfy the five or eight years earned service requirement, respectively.

The benefit formula for full benefits effective since July 1, 1989 for the SCRS is 1.82 percent of an employee's average final compensation (AFC) multiplied by the number of years of credited service. For Class Two members, AFC is the average annual earnable compensation during 12 consecutive quarters and includes an amount for up to 45 days termination pay at retirement for unused annual leave. For Class Three members, AFC is average annual earnable compensation during 20 consecutive quarters and termination pay for unused annual leave at retirement is not included. An incidental death benefit is also available to beneficiaries for active and retired members of employers who participate in the death benefit program.

The annual retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of one percent or five hundred dollars every July 1. Only those annuitants in receipt of the benefit on July 1 of the preceding year are eligible to receive the increase. Members who retire under the early retirement provisions at age 55 with 25 years of service are not eligible for the benefit adjustment until the second July 1 after reaching age 60 or the second July 1 after the date they would have had 28 years of service credit had they not retired.

**PORS** – A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 55 or with 25 years of service regardless of age. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension at age 55 or with 27 years of service regardless of age. Both Class Two and Class Three members are eligible to receive a deferred annuity at age 55 with five or eight years of earned service, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program. Accidental death benefits are also provided upon the death of an active member working for a covered employer whose death was a natural and proximate result of an injury incurred while performance of duty.

The retirement allowance of eligible retirees of their surviving annuitants is increased by the lesser of one percent or five hundred dollars every July 1. Only those annuitants in receipt of benefit on July 1 of the preceding year are eligible to receive the increase.

For the Year Ended June 30, 2015

#### Contributions:

Contributions are prescribed in Title 9 of the South Carolina Code of Laws. The PEBA Board may increase the SCRS and PORS employer and employee contribution rates on the basis of the actuarial valuations, but any such increase may not result in a differential between the employee and employer contribution rate that exceeds 2.9 percent of earnable compensation for SCRS and 5 percent for PORS. An increase in the contribution rates adopted by the board may not provide for an increase of more than one-half of one percent in any one year. If the scheduled employee and employer contributions provided in statute or the rates last adopted by the board are insufficient to maintain a thirty year amortization schedule of the unfunded liabilities of the plans, the board shall increase the contribution rates in equal percentage amounts for the employer and employee as necessary to maintain the thirty-year amortization period; and, this increase is not limited to one-half of one percent per year.

• Required employee contribution rates for the fiscal year beginning July 1, 2014 and ending June 30, 2015 are as follows:

#### **SCRS**

Employee Class Two 8.00% of earnable compensation
Employee Class Three 8.00% of earnable compensation

#### **PORS**

Employee Class One \$21 per month

Employee Class Two

8.41% of earnable compensation

Employee Class Three

8.41% of earnable compensation

• Required employer contribution rates for the fiscal year beginning July 1, 2014 and ending June 30, 2015 are as follows:

#### **SCRS**

Employer Class Two10.75% of earnable compensationEmployer Class Three10.75% of earnable compensationEmployer Incidental Death Benefit0.15% of earnable compensation

#### **PORS**

Employer Class One 7.80% of earnable compensation

Employer Class Two 13.01% of earnable compensation

Employer Class Three 13.01% of earnable compensation

Employer Incidental Death Benefit 0.20% of earnable compensation

Employer Accidental Death Benefit 0.20% of earnable compensation

Contributions to the SCRS and PORS pension plans from the County were \$3.7 million and \$2.4 million for the year ended June 30, 2015, respectively.

#### Net pension liability:

At June 30, 2015, the County reported liabilities of \$63,288,017 and \$28,534,997 for its proportionate shares of the SCRS and PORS net pension liabilities, respectively. The net pension liabilities were measured as of June 30, 2014, and the total pension liabilities used to calculate the net pension liabilities were determined by an actuarial valuation as of July 1, 2013 projected forward to June 30, 2014. The County's proportionate shares of the net pension liabilities were based on a projection of the County's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2014, the County's proportionate shares of the SCRS and PORS plans were 0.367597% and 1.48971%, which was the same as its proportionate shares of the net pension liabilities measured as of June 30, 2013, respectively.

#### Pension expense:

For the year ended June 30, 2015, the County recognized pension expense of the SCRS and PORS plans of \$4,435,770 and \$2,495,088, respectively.

The \$3,678,639 and \$2,410,279 reported as deferred outflows of resources related to pensions resulting from County contributions paid subsequent to the measurement date for the SCRS and PORS plans, respectively, during the year ended June 30, 2015 will be recognized as reduction of the net pension liabilities in the year ending June 30, 2016.

**PORS** 

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows for the SCRS and PORS plans, respectively:

#### Actuarial assumptions and methods:

Actuarial valuations involve estimates of the reported amounts and assumptions about the probability of occurrences of events far into the future. Examples included assumptions about future employment, mortality, and future salary increases. Amounts determined during the valuation process are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. South Carolina state statute requires that an actuarial experience study to be completed at least once in each five-year period. The last experience study was performed on data through June 30, 2010, and the next experience study is scheduled to be conducted after the June 30, 2015 annual valuation is complete.

The most recent annual actuarial valuation reports adopted by the PEBA Board and Budget and Control Board are as of July 1, 2013. The net pension liability of each defined benefit pension plan was therefore determined by PEBA's consulting actuary, Gabriel, Roeder, Smith and Company (GRS) based on the July 1, 2013 actuarial valuations, using membership data as of July 1, 2013, projected forward to the end of the fiscal year, and financial information of the pension trust funds as of June 30, 2014, using generally accepted actuarial procedures. Information included in the following schedules is based on the certification provided by GRS.

#### Actuarial assumptions and methods (continued):

The following table provides a summary of the actuarial assumptions and methods used in the July 1, 2013 valuations for the SCRS and PORS plans administered by PEBA.

The long-term expected rate of return on pension plan investments for actuarial purposes is based upon the 30 year capital market outlook at the end of the third quarter 2012. The actuarial long-term expected rates of return represent best estimates of arithmetic real rates of return for each major asset class and were developed in coordination with the investment consultant for the Retirement System Investment Commission (RSIC) using a building block approach, reflecting observable inflation and interest rate information available in the fixed income markets as well as Consensus Economic forecasts. The actuarial long-term assumptions for other asset classes are based on historical results, current market characteristics and professional judgment.

The RSIC has exclusive authority to invest and manage the retirement trust funds' assets. As co-fiduciary of the Systems, statutory provisions and governance policies allow the RSIC to operate in a manner consistent with a long-term investment time horizon. The expected real rates of investment return, along with the expected inflation rate, form the basis for the target asset allocation adopted annually by the RSIC. For actuarial purposes, the long-term expected rate of return is calculated by weighting the expected future real rates of return by the target allocation percentage and then adding the actuarial expected inflation which is summarized in the table on the following page. For actuarial purposes, the 7.50 percent assumed annual investment rate of return used in the calculation of the total pension liability includes a 4.75 percent real rate of return and a 2.75 percent inflation component.

#### Discount rate:

The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers in SCRS and PORS will be made based on the actuarially determined rates based on provisions in the South Carolina State Code of Laws. Based on those assumptions, each System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### Sensitivity analysis:

The following table presents the County's proportionate share of the net pension liabilities of the respective plans calculated using the discount rate of 7.50 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1.00 percent lower (6.50 percent) or 1.00 percent higher (8.50 percent) than the current rate.

#### Pension plan fiduciary net position:

The net pension liability is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB No. 67 less that System's fiduciary net position. As of June 30, 2014, net pension liability amounts for SCRS and PORS are as follows (amounts expressed in thousands):

| System | Total Pension<br>Liability | Plan Fiduciary Net<br>Position | Employers' Net<br>Pension Liability<br>(Asset) | Plan Fiduciary Net<br>Position as a<br>Percentage of the<br>Total Pension |
|--------|----------------------------|--------------------------------|--|---|

The total pension liability is calculated by the System's actuary and each plan's fiduciary net position is reported in the System's financial statements. The net pension liability is disclosed in accordance with the requirements of GASB 67 in the System's notes to the financial statements and required supplementary information.

Detailed information regarding the fiduciary net position of the plans administered by PEBA is available in the separately issued CAFR containing financial statements and required supplementary information for SCRS and PORS which can be accessed via the contact information provided above.

#### 11. Other Post Employment Benefits (OPEB)

#### Plan Description

The County provides post-retirement health, life and dental care benefits, as per the requirements of a local ordinance, for certain retirees. Its plan is a single-employer defined benefit plan. Substantially all employees who retire under the State retirements plans are eligible to continue their coverage with the County paying 100% of the premium for those with 28 or more years of service, 75% of the premium for those with 20 years to 27 years of service and 50% of the premium for those with 15 years to 20 years of service. On June 9, 2008, the County closed these benefits to all employees hired after June 9, 2008. As of June 30, 2015 there were 133 employees who had retired with the County and were receiving health insurance benefits. On March 23, 2015, Beaufort County Council adopted Resolution 2015/7 to terminate retirees' healthcare benefits effective July 1, 2016.

#### **Funding Policy**

The contribution requirements of plan members and the County are established and may be amended by the County. The required contribution is currently based on pay-as-you-go financing requirements.

#### Funded Status and Funding Progress

As of June 30, 2015, the most recent actuarial valuation date, the plan was 0.0% funded. The actuarial accrued liability for benefits was \$1.392 million, resulting in an unfunded actuarial accrued liability (UAAL) of \$1.392 million. The other postemployment benefit will be terminated effective July 1, 2016 and the liability is calculated as the estimated cash flows through the termination date. The change in accounting estimate caused by the decision to terminate benefits resulted in an increase in the change in net position for fiscal year 2015 of \$27,520,071 which is reported as a special item.

For the Year Ended June 30, 2015

#### 12. <u>Accrued Compensated Absences and Other Benefits</u>

Effective February 15, 1993, Beaufort County adopted a new leave policy for all employees. The TOWP/SCA policy was replaced with a policy granting Personal Leave Days and Personal Disability Leave. Under the new policy, employees were entitled to a maximum Personal Leave balance of 280 hours. Upon termination, employees will be paid for all unused, unpaid Personal Leave up to this maximum. The liability recorded at June 30, 2015, to cover unused, unpaid Personal Leave including fringe benefits totaled \$3,601,835.

The County reports \$401,363 as a current liability and \$3,058,665 as a long-term liability for governmental activities, while \$16,501 as a current liability and \$125,306 as a long-term liability for business-type activities.

All leave hours accrued in excess of this Personal Leave maximum were accrued to the employee's Personal Disability leave account. A maximum of 360 hours may be maintained in an employee's Personal Disability leave account. The only accrual to this balance occurs when an employee's Personal Leave account exceeds 280 hours, at which time excess hours are "rolled over" to the Personal Disability leave account. Personal Disability leave is to be used in the case of an extended or life threatening illness. This account can only be used once all accrued hours in the Personal Leave account have been used to a balance of 80 hours or less. The employee must present a doctor's statement verifying the disability or illness in order to utilize his/her Personal Disability leave. Employees with remaining SCA leave balances may retain those balances. The same rules governing the use of Personal Disability leave apply to the use of SCA leave. Upon termination of employment with Beaufort County, no payment for any unused SCA or Personal Disability leave will be made.

The County does not provide postemployment health care benefits except those mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

For the Year Ended June 30, 2015

#### 13. Fund Balances

As prescribed by GASB Statement No. 54, governmental funds report fund balance in classifications based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. As of June 30, 2015, fund balances for government funds are made up of the following:

- Nonspendable Fund Balance includes amounts that are (a) not in spendable form, or (b) legally or contractually
  required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be
  converted to cash, for example: inventories, prepaid amounts, and long-term notes receivable.
- Restricted Fund Balance includes amounts that can be spent only for the specific purposes stipulated by external
  resource providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted
  only with the consent of the resource providers.
- Committed Fund Balance includes amounts that can only be used for the specific purposes determined by a formal
  action of the County's highest level of decision-making authority, County Council. Commitments may be changed or
  lifted only by the County taking the same formal action that imposes the constraint originally.
- Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as committed. County Council has by resolution authorized the County Administrator to assign fund balance. County Council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.
- Unassigned Fund Balance is the residual classification for the General Fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose.

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is generally depleted in the order of restricted, committed, assigned, and unassigned.

Beaufort County Council is the County's highest level of decision-making authority that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

The County considers restricted amounts to have been spent when an expenditure is incurred for the purposes for which both restricted and unrestricted amounts are available. When an expenditure is incurred for which committed, assigned, or unassigned amounts could be used, the County considers expenditures to be used in this respective order.

The County has established a General Fund fund balance policy, through Ordinance No. 2014/6, that requires the maintenance of a fund balance of at least 30% of the total General Fund expenditures of the previous fiscal year as an unassigned General Fund fund balance.

The County has established a Debt Service Fund fund balance policy, through Ordinance No. 2014/7, that requires the maintenance of a fund balance that covers the County's interest payments, occurring on August 1<sup>st</sup> and September 1<sup>st</sup> of every fiscal year.

#### 14. Change in Accounting Principles for Pensions

The County implemented Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions, and Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date (an amendment of GASB Statement No. 68), in the fiscal year ended June 30, 2015. The implementation of these statements required the County to record a beginning net position liability and the effects on unrestricted net position of contributions made by the County during the measurement period (fiscal year ended June 30, 2014). As a result, ending unrestricted net position for the County for the year ended June 30, 2014 decreased by \$87,835,661 and \$3,141,174 for the governmental and business-type activities, respectively. The decrease resulted in the restatement of net position to \$245,051,902 for the governmental activities and a restatement of net position to \$19,436,908 for business-type activities as of June 30, 2014.

#### 15. Commitments and Contingencies

Arbitrage rules - State and local bonds issued after 1984 are subject to arbitrage restrictions as enacted by the Federal Government. To retain the bonds' tax exempt status, local governments must comply with the regulations as adopted by the government and expend all of the bond proceeds within designated periods which could be up to three years. The County believes it is in compliance with all arbitrage rules.

As of June 30, 2015, the County has outstanding construction contracts of \$29,134,522.

#### 16. Risk Management and Litigation

The County is exposed to various risks of losses related to torts; thefts of; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disaster. The County manages risk through employee educational and prevention programs and through the purchase of casualty and liability insurance. All risk management activities are accounted for in the General Fund.

For all of these risks, the County is a member of the State of South Carolina Insurance Reserve Fund, a public entity risk pool currently operating as a common risk management and insurance program for local governments. The County pays an annual premium to the State Insurance Reserve Fund for its insurance coverage. The State Insurance Reserve Fund is self-sustaining through member premiums and reinsures through commercial companies for certain claims.

Expenditures and claims are recognized when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. In determining claims, events that might create claims, but for which none have been reported are considered.

The County is a party to several lawsuits which seek to recover property taxes paid under protest and to overturn property sold at "tax sales." The County's attorney estimates that the amount of actual or potential claims against the County at June 30, 2015 will not materially affect the financial conditions of the County. Therefore, the General Fund contains no provision for estimated claims.

The County has not significantly reduced insurance coverage from the previous year nor has it settled claims in excess of insurance coverage for the last three years that were material.

#### BEAUFORT COUNTY, SOUTH CAROLINA REQUIRED SUPPLEMENTARY INFORMATION MODIFIED APPROACH FOR AIRPORT INFRASTRUCTURE ASSETS June 30, 2015

Beaufort County's airports infrastructure assets consist of approximately 25% airport runways, 25% airport taxiways, and 50% airport aprons. The condition of the runways, taxiways, and aprons is measured using several distress factors found in pavement surfaces. The airports' pavement management system uses a measurement scale that is based on a condition index. For the Lady's Island Airport, the South Carolina Aeronautics Commission (SCAC) condition scale is used to classify runways, taxiways, and aprons. The SCAC condition scale is as follows: good or better condition (70 - 100), fair condition (50 - 69), and substandard condition (less than 50). For the Hilton Head Island Airport, the Federal Aviation Administration (FAA) condition scale is used to classify runways, taxiways, and aprons. The FAA condition scale is as follows: excellent condition (5), good condition (4), fair condition (3), poor condition (2), and failed condition (1). It is the County's policy to maintain the runways, taxiways, and aprons at a fair condition or better. Condition assessments are determined every year by the County at both airports, the SCAC at the Lady's Island Airport, and the FAA at the Hilton Head Island Airport. The County's runways, taxiways, and aprons have an estimated useful life, without resurfacing, of 25 years. Due to the strong safety concerns of airplanes landing, taking off, and taxing on these surfaces, all surfaces are repaired immediately if and when there is a need for such repairs.

Actual maintenance of runways, taxiways, and aprons involves scraping and providing improved surface materials on an as needed basis or filling cracks within the pavement on an as needed basis.

|   | FY 2015 | FY 2014 | FY 2013 |
|---|---------|---------|---------|
| Percent of Runways in Fair or Better Condition      | 100%    | 100%    | 100%    |
| Percent of Taxiways in Fair or Better Condition     | 100%    | 100%    | 100%    |
| Percent of Aprons in Fair or Better Condition       | 100%    | 100%    | 100%    |
| Percent of Annual Resurfacing of Runways Completed  | 0%      | 0%      | 0%      |
| Percent of Annual Resurfacing of Taxiways Completed | 0%      | 0%      | 0%      |
| Percent of Annual Resurfacing of Aprons Completed   | 0%      | 0%      | 0%      |

The County estimates maintenance expense in the amount of \$650,000 to be incurred every five (5) years for paving costs in order to maintain and preserve at (or above) the condition level established and disclosed above. The County adopted the modified approach for its airport infrastructure assets in fiscal year 2011. There were no actual maintenance and preservation costs for fiscal years 2011, 2012, 2013, 2014 and 2015.

During fiscal year 2015, the Hilton Head Island Airport acquired a substantial amount of land. The acquisition of this land is for the purpose of extending the runways. The County anticipates that the runways, taxiways and aprons will be preserved as part of the runway extension project.

Source: Debt outstanding provided by each governmental unit.

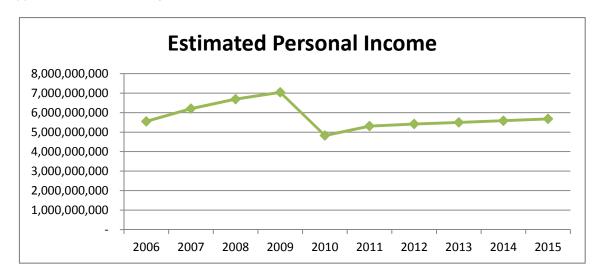

Note: As all of this debt is within Beaufort County, the percentage of applicable debt to the County is 100%. This process recognizes that, when considering the County's ability to issue long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore, for repaying debt of each overlapping government.

## Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Beaufort County Council
Beaufort County, South Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Beaufort County, South Carolina (the "County") as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated January 31, 2016.

#### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

Ching Bekaut LLP

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## Report of Independent Auditor on Compliance for Each Major Program and on Internal Control over Compliance Required by *OMB Circular A-133*

Beaufort County Council
Beaufort County, South Carolina

#### Report on Compliance for Each Major Federal Program

We have audited Beaufort County, South Carolina's (the "County") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2015. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

#### **Opinion on Each Major Federal Program**

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

#### **Report on Internal Control over Compliance**

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a certain deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2015-01 that we consider to be a significant deficiency.

The County's responses to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

#### SCHEDULE OF FINDINGS AND QUESTIONED COSTS

FOR THE YEAR ENDED JUNE 30, 2015

#### Section II. Findings in relation to the Audit of the Financial Statements

None reported.

#### Section III. Federal Awards Findings and Questioned Costs

Item 2015-01

Federal Agency: U.S. Department of Agriculture

Pass-through Entity: South Carolina Department of Social Services/

South Carolina Department of Education

Federal Program: CFDA #10.559 – Summer Service Food Program for Children

Award #: SF-133

Compliance Requirement: Allowable Costs

Type of finding: Significant Deficiency in Internal Control

#### **CRITERIA**

Program requirements state that the sponsor must conduct required visits and reviews of distribution sites to include, at a minimum, 1) pre-operational visits conducted for new sites and those that experienced operational problems the previous year before a site operates the summer program; 2) site visits conducted at least once during the first week of operation for new sites and sites that experienced problems in previous years to ensure the food service operation is running smoothly; and 3) site reviews conducted at least once during the first four weeks of program operations to observe delivery of meals, service of meals, children eating the meals, and clean up after meals. All visits and reviews must be documented.

#### CONDITION

We noted that a site review was not performed at (3) three of the (35) thirty-five meal sites selected for testing.

#### **CONTEXT**

The County does not have proper procedures in place to ensure the monitors are performing the required site visits and reviews.

#### **EFFECTS**

Sites not properly monitored could result in inaccurate meal counts or other program violations related to the service of meals. This could result in disallowance of costs charged to the federal program.

#### CAUSE

Sites were inadvertently omitted from the monitoring schedule. Other sites were visited but documentation of the visit could not be found.

#### RECOMMENDATION

We recommend the County strengthen its internal controls over training of monitors and implement policies and procedures to ensure all sites are properly monitored according to the required time frames.

#### MANAGEMENT'S RESPONSE AND CORRECTIVE ACTION PLAN

A schedule of pre-operational visits, site visits, and site reviews will be devised and documented, with mandatory review by the sponsoring organization. A staff member will be designated to periodically review the visit schedule, comparing the schedule with documentation from actual site visits, to ensure the schedule remains valid and visits and reviews are on track. Any deviations from the approved schedule must be reported to the sponsor immediately and re-visits will be scheduled as necessary to meet program requirements.

Item 2014-01

Federal Agency: U.S. Department of Agriculture

Pass-through Entity: South Carolina Department of Social Services

Federal Program: CFDA #10.559 – Summer Service Food Program for Children

Award #: SF-133

Compliance Requirement: Allowable Costs

Type of finding: Significant Deficiency in Internal Control

#### **CRITERIA**

Program requirements state that the sponsor must maintain an accounting system with supporting fiscal records adequate to ensure that claims for funds are in accordance with the contract and all applicable laws, regulations and policies. Program expense reimbursements are based on the number of actual allowable meals served to eligible participants.

#### CONDITION

We noted discrepancies between the number of meals purchased and the number of meals reported as being served.

#### CONTEXT

The County does not have proper procedures in place to ensure site supervisors are accounting for each meal delivered.

#### **EFFECTS**

When the number of meals purchased is less than the number of meals reported as served, unless documented and explained as to the differences, it could raise concern that the site(s) may be over-reporting the meals served on the daily meal count records.

#### **CAUSE**

The County does not reconcile the meals delivered per the sites' daily delivery tickets to the monthly invoice from the food vendor.

#### **RECOMMENDATION**

We recommend the County strengthen its internal controls over accounting for each meal delivered to the distribution sites by reconciling meal delivery receipts to the daily meal count sheets and the monthly invoice for meals.

#### MANAGEMENT'S RESPONSE AND CORRECTIVE ACTION PLAN

Staff members who attend the state-level training will, in turn, conduct training of site supervisors. A designated staff member will check meal count forms for accuracy. A monitoring tracking system will be developed to ensure that a second party review count is performed on all meal count forms.

#### **CURRENT STATUS**

Finding has been corrected.

#### CONDITION

On August 14, 2014, the South Carolina Department of Social Services (SCDSS) conducted a program compliance review for the program. SCDSS performed reviews of monitoring. It was determined that the sites were not properly monitored according to the required number and timing of visits.

#### CONTEXT

The County does not have proper procedures in place to ensure the monitors are performing the required site visits and reviews.

#### **EFFECTS**

Sites not properly supervised or supervisors not properly trained could result in inaccurate meal counts or other program violations related to the service of meals. This could result in disallowance of costs charged to the federal program.

#### RECITALS

WHEREAS, Cherokee Beaufort, LLC ("Cherokee"), predecessor to the Owner and as owner of certain real property located in Beaufort County, South Carolina, and Developer and Beaufort County entered into that certain Development Agreement for Cherokee Farms dated December 15, 2014 and recorded in the Office of the Register of Deeds for Beaufort County, South Carolina (the "ROD") in Book 3367 at Page 52 (the "Development Agreement"); and

**WHEREAS**, the real property that is the subject of the Development Agreement is more particularly described in Exhibit "A" to the Development Agreement (herein the "**Property**"); and

**WHEREAS**, Cherokee assigned its rights and obligations to Owner pursuant to that Notice of Transfer and Assignment and Assumption of Rights and Obligations Under Development Agreement dated November 4, 2014 and recorded in the ROD in Book **3367** at Page **47** (the "**Assignment**"); and

WHEREAS, Article III of the Development Agreement provides that the terms and conditions of the Development Agreement for the Property shall be vested against any future changes to the Beaufort County Zoning and Development Standards Ordinance ("ZDSO"), Beaufort County law, or changes to any now existing or future zoning ordinances; and

**WHEREAS**, by Ordinance 2014/36 adopted December 8, 2014, Beaufort County Council adopted a new zoning and development standards ordinance known and described as the Beaufort County Community Development Code (the "**CDC**"); and

**WHEREAS**, the current base zoning of the property is Suburban under the Official Land Use Zoning Map and ZDSO in effect at the time of the Development Agreement; and

WHEREAS, the parties hereto have agreed to amend the Development Agreement as to a thirty-six (36) acre portion of the Property, which portion is shown in <u>Exhibit "A"</u> (herein the "T4NC Parcel"), to change the base zoning of the T4NC Parcel to the CDC classification of T4 Neighborhood Center ("T4NC") with the remaining sixty-nine (69) acre portion of the Property to remain with the base zoning classification of Suburban under the ZDSO; and

**WHEREAS**, the parties agree that the Development Agreement requires an amendment to clarify the intention of and the performance by the parties to address the matters described herein.

**NOW, THEREFORE**, Owner, Developer and Beaufort County, intending to be legally bound hereby and in consideration of the aforesaid premises and the covenants and agreements set forth in this First Amendment hereby agree as follows:

- 1. **Base Zoning.** The T4NC Parcel shown on **Exhibit "A"** attached hereto and made a part hereof, is hereby rezoned to impose the CDC zoning classification of T4NC as the base zoning for the T4NC Parcel. Except as to the T4NC zoning as described in the CDC that is currently in effect, the Development Agreement and all terms and conditions thereof shall continue in full force and effect for the T4NC Parcel. The remaining sixty-nine (69) acres are unaffected by this First Amendment.
- 2. <u>Definitions</u>. Any and all defined terms used herein shall have the same meaning as set forth in the Development Agreement unless otherwise herein defined.
- 3. <u>Control</u>. In the event of any inconsistency between this First Amendment and the Development Agreement, this First Amendment shall control. Except as amended or modified by the terms recited herein, the Development Agreement and all terms and conditions thereof shall continue in full force and effect.
- 4. <u>Commercial Space</u>. The parties hereto agree that the previously approved maximum square footage of commercial space, which was approved as a part of that Unified Development Plan attached as Exhibit "B" to the Development Agreement, will not be exceeded as a result of this First Amendment.
- 5. <u>Density Transfers</u>. The Owner agrees that it or its successors and/or assigns shall provide to the office of the Commanding Officer of the Marine Corps Air Station Beaufort not less than ten (10) federal working days prior notice of a scheduled public meeting to review any request from the Owner or Developer to increase density above that which is authorized under the Development Agreement inside the then current AICUZ on the Property.
- 6. <u>AICUZ-Incompatible Uses</u>. The Owner agrees that it or its successors and/or assigns shall also provide to the office of the Commanding Officer of the Marine Corps Air Station Beaufort not less than ten (10) federal working days' prior notice of a scheduled public meeting to review any request to approve any of the following uses on the Property: (1) hospitals and other medical facilities with overnight patients; (2) nursing homes, not including assisted living facilities; (3) educational services (i.e. schools); (4) auditoriums and concert halls; (5) outdoor music shells and amphitheaters; and (6) cultural activities, including churches.
